By Order,
J. B. BRUNYATE,
Under Secy. to the Govt. of India.

No. 134, Fort Saint George, dated the 17th January 1900, from the Honorable Mr. G. S. Forbes, I. C. S., Secretary to the Government of Madras, Revenue Department, to the Secretary to the Government of India, Finance and Commerce Department.

I am directed to refer you to the correspondence ending with Mr. Marjoribanks' endorsement No. 172-A., dated 8th March 1899, regarding the liability to income-tax of a pension paid by a Native State to a resident in British India through an agent employed to draw it in the State.

2. I am now to enclose a petition to this Government from M. R. Ry. A. Sashiah Sastriar appealing against the levy of income-tax, and to solicit attention to the opinion* given by the Honorable Sir V. Bashyam Iyengar, who advised Mr. Sashiah Sastriar in the matter. He advised his client that payment of a pension to the pensioner's agent at the Treasury of the Native State was a full discharge of the State's liability; that when received in British India, it had ceased to be a pension and become a debt due to the principal by the agent; that a debt is not income; and that consequently a pension so received is exempt from taxation under the Act. This opinion is at variance with that furnished by Mr Arnold White, the late Advocate General, (of which a copy was forwarded to you with my letter No. 4688, dated 29th November 1898), and as the question of liability is not altogether free from doubt, I am to request the favor of an authoritative ruling on the point so as to avoid further controversy on the subject.

OPINION.

Re The Liability to Income-tax of pensions paid to M. R. Ry. A. Sashiah Sastriar Avergal, C.S.I., by the Native States of Travancore and Pudukottah.

1. I understand that Mr. A. Sashiah Sastriar, after retiring successively from the Dewanships of Travancore and Pudukottah, has been residing at Kumbakonam in British India that he draws pensions from these Native States, that the pensions payable to him by these States are paid to and received by his respective agents at the Treasuries of the two Native States, and that the agents remit the same to Mr A. Sashiah Sastriar at Kumbakonam. The question referred to me for opinion upon these facts is whether the pensions so drawn by him are assessable to income-tax in British India.

2. In my opinion, the amount of pensions thus drawn by Mr. Sashiah Sastriar is not liable to income-tax, and the opinion of the Advocate General of Bengal in re Mehta's case quoted in G. O. No. 701, Financial, dated 19th September 1895, in which opinion I entirely concur, is equally applicable to Mr Sashiah Sastriar's case

3. If the Native States were now remitting the pensions to Mr. Sashiah Sastriar in British India as they used to do formerly through their bankers in Madras there can be no doubt that the pensions so paid in British India would fall under Part I of the 2nd Schedule to the Act, and be liable to tax under Section 4. I understand paragraph 3 of the letter of the Government of India to the Government of Madras, dated 4th March 1896, No. 1000 S. R., quoted in the Proceedings of the Board of Revenue (Separate Revenue) No. 154, dated 20th April 1896, as simply pointing out that the opinion of the Advocate General *in re* Mehta's case is inapplicable to a case in which the pension is remitted to a person in British India. It is expressly stated in the said paragraph that if the salary due to Mr. Mehta from the Native State had been remitted to him in Bombay, it would have been liable to income-tax. The Resolution of the Board of Revenue (Separate Revenue), Mis. No. 3252, dated 16th August 1898, seems to me to proceed on a misapprehension of paragraph 3 of the letter of the Government of India above referred to. But whether that be so or not, pension received in the Native State by Mr. Sashiah Sastriar through his agent does not become pension paid or income received in British India by reason only that the agent who is accountable to his principal remitted it to the latter in British India. In cases in which a Native State remits the pension through its agent or by post to a person in British India, the pension is not paid and the Native State obtains no discharge until the amount is received in British India by the person to whom the pension is due, or by his duly authorized agent But when the payment is made to his duly authorized agent at the Treasury of the Native State, there is then and there a full discharge, the pension having been paid and received within the Native State itself. The fact that the agent, who has to account for all sums received from or on behalf of his principal, has to account to him for the same, and in discharge of such obligation he remits the same to his principal in British India, does not make it income any more than rents collected by his agent on houses belonging to him in a Native State and remitted to him in British India, by his agent would be income received in British India. If Mr. Sashiah Sastriar should personally receive the pension within the Native States and remit it to his banker in British India, or to his own address, or to the address of any member of his family in British India, or bring it with him into British India, it is clearly not liable to income-tax. The fact that it is a pension and not a salary, as in Mr. Mehta's case does not make any difference as is clear

from Part I of the 2nd Schedule to the Act and the latter part of the definition of "income."

4. It is Section 4 of the Act that imposes the tax, and under that section no source of income is taxable unless the same be specified in the first column of the 2nd Schedule. Parts II and III and the second clause of Part I may be altogether dismissed from consideration as they have no possible bearing on the present case. Part I, Clause I, which relates to pensions and gratuities does not apply inasmuch as the pension was not paid in British India. Part IV is equally inapplicable, firstly, because what was received in British India is the debt due to principal by his agents in the Native States and a debt is clearly not income though the interest thereon, if any, would be income or profits; and, secondly, because the pensions payable by the respective Native States do not form income accruing or arising in British India. It is aslo doubtful whether a pension or gratuity which is a source of income included in Part I can at all be assessable under Part IV which relates only to sources of income not included in any of the other Parts.

5. Under Part I, Clause I, the salary, pension, or gratuity which is liable to income-tax under Section 4 must be paid in British India. If it is paid in British India, it is, of course, received in British India. If it be paid outside British India, it is not liable to tax. The agent no doubt receives the amount paid at the Treasury of the Native State as pension, but after he receives it, it is not pension in his hands and what he remits to his principal in British India is not pension due to the principal; and the assistance is not of the pension as such, but of a sum of money in respect of which he is accountable to his principal in British India. In other words, if he has not spent it or disbursed the same on account of his principal under his orders, express or implied, it is a debt which he owes to his principal, and it is as such and in discharge of such debt that he remits the sum to his principal, and the latter receives it in British India as such.

6. But is such receipt within British India receipt of income within the definition of "income" and liable to tax under Part IV? A debt or a sum of money which an agent has to account for to his principal is not income or profits, and therefore a sum of money paid or remitted to a principal in British India by his agent whether outsider or debtor to British India is not "income" any more than repayment of a debt by the debtor to the creditor is "income." Even assuming that a pension or a gratuity paid in a Native State may fall as income under Part IV notwithstanding that Part IV does not apply to sources of income included in Part I, can such pension be regarded as accruing or arising in British India in which case it can be included in the definition of "income" notwithstanding that it is received outside British India? It accrues or arises only within the Native State, and even assuming that the pension is an enforceable claim against the Native State, the presumption will be that it was payable only at the Treasury and not at any place outside such State where the pensioner may happen to reside for the time being; and the pensioner cannot insist on its being paid at such place. Even if he has such right, he can certainly waive the same and agree to receive it at the Treasury of the Native State.

7. Viewing the question in all possible aspects, I am clearly of opinion that the sum in question is not assessable to tax under the Income-tax Act No. II of 1886.

8. In conclusion, I may state that a cardinal rule of interpretation of statutes imposing taxes on subjects is, that no tax can be imposed and levied unless his liability to the tax is unequivocal (*vide* Maxwell on the interpretation of the statutes, third edition, 1896) pp. 401 and 402); and as to the so-called evasion by a subject of his liability to pay a tax, I may quote the following observation of Lord Esher, Master of the Rolls, in the case of "The Commissioner of Inland Revenue *versus* Augus," L. R. 23, Queen's Bench Division, page 579:—"But it is said that if the appeal be decided against the Commissioners, purchasers will rest satisfied with an agreement of which specific performance would be decreed and will not go on to execute a conveyance, and so the Crown will lose the stamp duty, and it is rather suggested that this would be cheating the Crown and committing a fraud. The Crown, however, must make out its right to the duty, and if there be a means of evading the stamp duty, so much the better for those who can evade it. It is no fraud upon the Crown, it is a thing which they are perfectly entitled to do."

MADRAS, (Sd.) BHASHYAM IYENGAR,
20th April 1899. *Vakil, Madras High Court.*

Joint Opinion of the Honorable the Advocate General and the Standing Counsel.

Under and by virtue of the provisions contained in Sections 1 and 4 of Act II of 1886 every person in British India is liable to pay income-tax in respect of the sources of income specified in the first column of the second schedule to that Act subject to the exception contained in Section 5 which so far as this case is concerned need not be considered.

The person from whom income-tax is claimed resides in British India, and is therefore liable to pay income-tax upon any source of income so specified.

It is stated in the case that this person is a pensioner of a Native State, and that the pension payable to him by such State is paid in that State to the pensioner's agent, and by such agent subsequently remitted to his principal in British India.

Upon the state of facts the following questions arise:—(1) Is the money so paid and remitted income liable to income-tax; and if so, (2) under which (if any) of the sources of income specified in the first column of the 2nd Schedule does such income fall.

By Section 3 (5) "Income" means income and profits accruing and arising or received in British India.

We are of opinion that the pension so paid and remitted is, to the extent to which it is so remitted, income received in British India within the meaning of this section. It is certainly, apart from the statutory meaning of the word, income of the person entitled thereto, and though not paid is, yet, upon a fair reading of the facts placed before us we think, received in British India. The facts that the pension is paid out of British India to the agent of the pensioner and that such agent on such payment gives then and there a full discharge for the pension, do not in our opinion remove the pension so paid out of British India to the extent to which it is remitted to the pensioner in British India from the category of income received in British India.

So dealing with the first of the above questions we have to some extent indicated our opinion as to the second of those questions. Before finally resolving it however, it appears to us proper to point out that all income liable to income-tax, which is not included in Part I, II or III of the 2nd Schedule to the Act, is included in Part IV of that schedule. Parts II and III need not be considered. There remain Parts I and IV. Part I, so far as it is necessary for us to consider it, provides for the taxation of a pension paid in British India to or on behalf of a person residing in British India. In our opinion the pension in question does not come within the provision of this part. The pension is paid out of British India, and the fact that it is (if so it be) wholly remitted by the pensioner's agent to his principal in British India, does not in our opinion render it a pension paid in British India; not falling within Part I, the matter falls to be dealt with under Part IV.

In this view of the case we are of opinion, as above indicated, that the monies remitted on account of the pension, though not the pension itself as such, are liable to income-tax under Part IV.

This case stands clear of the opinion expressed by the Officiating Advocate General *in re* Mehta, quoted in G. O. No. 704, Financial, dated 9th September 1895, the case to which reference is made in enclosure G. The salary and fees there under consideration were paid and received out of British India and being so paid and received, the fact that all or some of the money was subsequently brought into British India was irrelevant. Here the facts are different, and before the pensioner could claim the benefit of that ruling, he would have to bring himself within the facts of that case.

Endorsement No. 2214—244-1900 dated 9th May 1900, from the First Assistant to the Resident in Mysore, to the Dewan of Mysore, forwarding copy of letter No. 1051-B, dated 19th March 1900, from the Deputy Secretary to the Government of India, Military Department, to the Adjutant-General in India.

I am directed to acknowledge the receipt of your letter No. 3661-B, dated 1st November 1898, relative to a proposal that pensioners of the Native Army may be exempted from the payment of money security which is sometimes demanded of them as a condition of employment in civil capacities, such as peons, messengers, treasure guards, chowkidars, jail warders, &c. It is stated that as the object of such security is to give the employer some hold over the employee, the pension in the case of Military pensioners, which can, under certain circumstances, be witheld, is as good security as a small money deposit, and affords all that need reasonably be required of men of proved good character.

2. In reply, I am to say that, for the reasons stated above, the Government of India see no necessity for the exaction of a money security from Native Military pensioners when employed in Government Departments in the capacities stated above, except in cases which come under the provisions of Act XII of 1850, (Public Accountants' Default Act), and I am to suggest that Departments of the Government of India and local Governments should be asked to exempt these men in future from the rule requiring them to furnish a security in money.

Letter No. 565—49-1900, dated 1st February 1900, from the First Assistant to the Resident in Mysore, to the Dewan of Mysore.

I am directed to forward, for information, a copy of a letter No. 3570, dated the 7th December 1899, from the Secretary to the Government of the North-West Provinces and Oudh, to the address of the Secretary to the Government of India, Department of Revenue and Agriculture, and of its enclosures, in connection with a virulent outbreak of rinderpest which has recently taken place in the Azamgarh district.

No. 3570, dated Allahabad, the 7th December 1899, from L. M. Thornton, Esq., Secretary to the Government of the North-Western Provinces and Oudh, to the Secretary to the Government of India, Department of Revenue and Agriculture.

I am directed to submit, for the information of the Governor General in Council, a copy of a letter, with enclosures, of this date, issued to Commissioners of Divisions in the North-Western Provinces and Oudh in connection with a virulent outbreak of rinderpest which has recently taken place in the Azamgarh district. It will be seen from these papers that there is strong reason for supposing that in several parts of these Provinces, *Chamars* intentionally spread cattle disease by placing infected flesh near healthy cattle, their object being to obtain the skins of the cattle that die.

No. 3568—VI—154C., dated Allahabad, the 7th December 1899, from L. M. Thornton, Esq., Secretary to the Government of the North-Western Provinces and Oudh, to all Commissioners of Divisions (except Gorakhpur), North-Western Provinces and Oudh.

I am directed to forward a copy of the correspondence noted on the margin on the subject of an outbreak of rinderpest in the Azamgarh district, and the means by which it was spread. In view of the reasons appearing in these letters for supposing that the practice of intentionally spreading cattle disease may be widely prevalent, and of the very serious injury caused thereby to the cultivating classes, I am directed to request you to instruct District Magistrates in your Division that the crime of

spreading rinderpest or other cattle disease by introducing the flesh of animals which have died of the disease, into stalls where cattle are kept, or in any manner bringing it near them, should be guarded against, and on detection should be severely punished. Cultivators should be advised to destroy the hides of cattle dying of disease, and never to give them to the *Chamars*. No. 7363—VII-40, dated the 26th August 1899, from Dr. W. Hoey, I.C.S., Offg. Commissioner, Gorakhpur Division, to the Secretary to the Government of the North-Western Provinces and Oudh.

I have the honor to enclose, for the information of Government, a copy of my letter No. 7362—VII-40 of this date, to the address of the Director of Land Records and Agriculture, North-Western Provinces and Oudh, regarding an outbreak of rinderpest of unusual virulence in the south of the Azamgarh district. The letter speaks for itself. The reason why I address Government will be apparent from what follows.

2. When I was at Azamgarh about ten days ago, I went round the jail with the Magistrate and the Superintendent. I had instructed the Superintendents of the three jails in this division to put a red letter C on the ticket of each prisoner who was imprisoned for any offence connected with cattle, and, on every occasion when I visit a jail, I note mentally the proportion of prisoners of this class. At Azamgarh I observed this last time that there was a great decrease in the number of those imprisoned for cattle poisoning. The facts now brought to my notice have led me to ask myself, can it be possible that the wily *Chamar* thinks it a safer game to spread cattle disease than to practice cattle poisoning? If he do, he must be made to feel his mistake, and I beg to suggest that His Honor the Lieutenant-Governor should issue a circular, pointing out that it is inadvisable for Magistrates to deal finally with cases under Section 429, Indian Penal Code, where it is proved that an animal has died of cattle disease, and that a person, accused and before the Court, had committed an act likely to spread cattle disease of the description which led to the animal's death in the neighbourhood in which the animal died. Every such case should be committed to the Court of Sessions, and that the punishment awarded should not be less than the maximum of five years. I much regret that I cannot find any more severe penalty applicable under the Code.

No. 7362—VII-40, dated the 26th August 1899, from Dr. W. Hoey, I.C.S., Offg. Commissioner, Gorakhpur Division, to the Director of Land Records and Agriculture, North-Western Provinces and Oudh.

I have the honor to inform you that one Har Narain Singh, resident of Usargawan, in the Sarda police circle of the Azamgarh district, made a complaint a few days ago to the Sub-Divisional Magistrate that some *Chamar* women had brought flesh from a contiguous village where cattle disease was prevalent, performed some *puja*, and buried the flesh in his village. This was a month and a half before the complaint was made. It would seem that *Chamars* have systematically disseminated the disease by conveying the flesh of diseased animals from village to village. In one village alone 214 head of cattle have perished. The Sub-Divisional Officer recorded a statement of the symptoms, and also visited the circle in which the disease is prevalent, and has stated symptoms from his own observation and from what he could learn in the villages. I have also consulted the Veterinary Assistant at Gorakhpur, and he states that the disease must be rinderpest, not anthrax, as first suspected. I have telegraphed to the Superintendent at Babugarh and to the Imperial Bacteriologist at Mukhtesar.

2. I have noticed with regret a development of crime which I had never suspected, and which for its far-reaching effects may be described as utterly diabolical. *Chamars*, we all know, will poison cattle for the sake of their skins, but with each individual act the mischief ends. Here, however, we have the infected flesh carried from place to place, and made the means of disseminating the disease. The skins even become the means of spreading it. The act of one *Chamar* in taking one piece of flesh to a village, and making it the germ of disease, is infinitely worse than that of one who merely stabs an odd animal now and then with a poisoned *bougie*. The latter may be imprisoned for two years by a 1st Class Magistrate, but it would be absurd to punish with only that penalty a man or woman who wilfully does an act with the intention of spreading cattle disease. The punishment of crime is not a matter in which you are interested. I therefore send a copy of this letter to the Judicial Secretary, with the intention of keeping Government informed of the need of dealing vigorously with this new phase of crime.

No. 2766—VI-154C., dated Naini Tal, the 15th September 1899, from L. M. Thornton, Esq., Secretary to the Government, North-Western Provinces and Oudh, to the Director of Land Records and Agriculture, North-Western Provinces and Oudh.

With reference to the letter from the Commissioner of the Gorakhpur Division, No. 7362—VII-40, dated the 26th August last (to your address,) on the subject of an outbreak of rinderpest of unusual virulence in the south of the Azamgarh district, I am directed to forward the enclosed copy of a further communication received from that Officer, No. 7363 of the same date, and, with reference thereto, to request that you will report, at an early date as you can, what is the nature and extent of the disease, and whether you share the Commissioner's suspicions as to the methods of its propagation.

No. 2767—VI-154C., dated Naini Tal, the 15th September1899, from L. M. Thornton, Esq., Secretary to the Government, North-Western Provinces and Oudh, to the Imperial Bacteriologist, Mukhtesar.

With reference to the enclosed copy of correspondence received from the Commissioner of the Gorakhpur Division on the subject of an outbreak of rinderpest of an unusually virulent type in the south of the Azamgarh district, I am directed to ask you to be good enough to favor the Lieutenant-Governor and Chief Commissioner with an expression of your opinion whether rinderpest can be propagated in the way described by Dr. Hoey.

No. 2768—VI-154C., dated Naini Tal, the 15th September 1899, from L. M. Thornton, Esq., Secretary to the Government, North-Western Provinces and Oudh, to the Commissioner, Gorakhpur Division.

With reference to your letter No. 7363, dated 26th August last, I am directed to request you to report, for the information of the Lieutenant-Governor and Chief Commissioner, minute details of any cases of attempt to spread cattle disease in the Azamgarh district that may have been discovered.

No. 776, dated Mukhtesar, the 18th September 1899, from Captain L. Rogers, M.D., I.M.S., Officiating Imperial Bacteriologist to the Government of India, to the Secretary to the Government, North-Western Provinces and Oudh.

With reference to your No. 2767—VI-154 C., dated Naini Tal, 15th September 1899, enclosing a copy of the correspondence with the Commissioner of Gorakhpur on the subject of the outbreak of rinderpest in the Azamgarh district, I have the honor to reply that, although recent experiments carried out at Mukhtesar prove that skins which have been dried for even a few days no longer contain the infection of the disease, nevertheless the infection can certainly be spread by means of the blood or the intestinal contents being conveyed from one village to another and either smeared on the noses of the animals or placed in their sheds.

2. During my recent tours, inoculating against rinderpest, I have been struck with the widespread belief that the disease is artificially spread in this way by *Chamars*. For example, a report from the Deputy Collector of Pithoragarh was recently sent me by the Deputy Commissioner of Almora, in which it was suggested that the disease is spread in this way in the hills; while more recently, in the Dehra Dun district, I was informed by a European planter that some *Chamars* were caught in a village at night near some cowsheds and were beaten by the villagers because they were suspected of trying to spread the disease in this way. I have since heard that the disease has spread very rapidly in that part, as, soon after I left, some twenty villages asked to have their cattle inoculated against the disease (a request that I much regret I was at the time unable to comply with, owing to the Government of India having stopped my doing any more inoculations, unless accompanied by a veterinary officer, but I have now been able to temporarily obtain the services of such an officer).

Moreover when in the Dehra Dun district, I saw some *Chamars* taking away from the body of an animal, which had died of rinderpest, not only the flesh, which they eat, but also the diseased and ulcerated intestines and stomach, which I scarcely think they would use as food, but which would contain the infection in a virulent form. Here I was informed that the *Chamars* pay so much a year for all the skins obtained from animals which die, and hence it was very much to their interest to spread the disease.

3. I am therefore of the opinion that not only is it possible for the disease to be spread in this way, but that it is not improbable that it is occasionally so spread.

4. I would venture to suggest that the most effective way of preventing such a possibility would be to ensure that the bodies of all cattle which die of rinderpest should be buried whole, the skins being slashed after the body has been placed in the pit, so as to render them useless to the *Chamars*, in order to prevent their digging up the bodies again to obtain the hides.

No. 5—X-382, dated Cawnpore, the 21st October 1899, from W. H. Morbland, Esq., Director of Land Records and Agriculture, North-Western Provinces and Oudh, to the Secretary to the Government, North-Western Provinces and Oudh.

In reply to G. O. No. 2766—VI-154 C, dated 15th September 1899, regarding the outbreak of cattle disease in the Azamgarh district, I have the honor to state that there is no doubt the disease was rinderpest. Over 80 head of cattle died from this cause in the single village (named Usargaon) where the disease is believed to have been intentionally introduced. There was also disease in neighbouring villages, and it is impossible to say whether the infection spread to them from Usargaon; so that the total number of deaths resulting from the Usargaon outbreak cannot be estimated. The individual loss was very severe; the village headman alone lost 16 or 18 head of cattle, and another cultivator lost 3 cows, a calf and 3 buffaloes.

2. As regards the cause of the disease, I fear there can be no doubt that it was deliberately introduced by the *Chamars*. Some *Chamars* were committed for trial on the charge; the assessors considered the case proved, but the Sessions Judge acquitted the prisoners on suspicion (for which the evidence certainly affords grounds) that the real culprits were being shielded. His judgment, however, throws no doubt on the crime having been committed, and the accused persons did not deny it, but merely threw the blame on others. The evidence in the case showed that diseased flesh was accidentally found in the cowsheds where the first three deaths occurred; and some *Chamar* witnesses stated their knowledge that the disease could be spread by these means.

3. The Superintendent of the Civil Veterinary Department informs me that the introduction of diseased flesh into cattle sheds would undoubtedly spread either rinderpest or anthrax. I do not think it possible to explain the presence of diseased flesh in the infected sheds as a coincidence, and the only alternative is that the disease was intentionally spread.

4. The Collector informs me that he has issued a general direction that the hides of diseased animals should be destroyed and not given to the *Chamars*, and no fresh case of disease being spread have been brought to light, though close enquiries have been made. I believe that this action is sufficient to deal with the crime, which is committed solely for the sake of the hides. Landowners and tenants have every motive for complying with the Collector's directions, and it may be assumed that they will do so, so that the motive for the crime will no longer exist.

5. It is possible that *Chamars* in other districts may follow the example set in Azamgarh, and I would suggest the desirability of orders being issued to other District Officers, informing them of the occurrence of this crime, and advising the issue of executive orders for the destruction of the hides of diseased animals wherever there may be any reason to suspect that disease is being intentionally spread.

6. The delay in forwarding this report is due to the fact that all the records of the case were with the Sessions Judge, and only reached me this week.

No. 670-VII—40, dated the 31st October 1899, from V. A. Smith, Esq., Commissioner, Gorakhpur Division, to the Secretary to the Government, North-Western Provinces and Oudh.

In reply to G. O. No. 2768-VI—154 C, dated the 15th September 1899, in the Judicial (Criminal) Department, calling for a report of minute details of any cases of attempt to spread cattle disease in the Azamgarh district that may have been discovered, I have the honor to submit, for the information of Government, a copy of the following correspondence.—

(1) Azamgarh District Magistrate's No. 7—VII-38, dated the 2nd October 1899.

(2) Gorakhpur Commissioner's No. 240—VII-40, dated the 11th October 1899.

(3) Azamgarh District Magistrate's No. 158—VII-38, dated the 18th October 1899.

No. 7—VII-38, dated the 2nd October 1899, from E. Rogers, Esq., Collector of Azamgarh, to the Commissioner, Gorakhpur Division.

In reply to your No. 8158—VII-40, dated the 24th September 1899, I have the honor to report that Musammat Jabri, who was committed to the Sessions Court under Sections 429—109, and Musammats Munia and Sukhni, who were committed under Section 429, were acquitted by the Sessions Judge on 11th September 1899.

The learned Sessions Judge found that the cattle epidemic was artificially spread by the burying of meat imported from Burgahan, but that the evidence was not sufficiently reliable to prove that the act was done by the accused.

2. No other instances of similar action in other villages have come to light. Enquiries are being made, and the result will be reported.

No. 240—VII-40, dated the 11th October 1899, from Dr. W. Hoey, I.C.S., Officiating Commissioner, Gorakhpur Division, to the Collector of Azamgarh.

I have the honor to acknowledge the receipt of your letter No. 7—VII-38, dated the 2nd instant, and to inform you in reply that the Sessions Judge's opinion is, as far as the general question goes, an *obiter dictum*. Mr. Cotton must direct part of his cold weather tour to enquiries, full and careful, for the matter of spreading cattle disease by imported diseased flesh is of grave importance, and that officer's previous enquiries clearly point to some systematic practice or new development.

No. 158—VII-38, dated the 18th October 1899, from E. Rogers, Esq., Collector of Azamgarh, to the Commissioner, Gorakhpur Division.

With reference to correspondence ending with your No. 240—VII-40, dated the 11th instant, I have the honor to state that no other cases have been reported, and nothing further has transpired in connection with Musammat Jabri's case. Orders have been issued that infected carcases be buried, and people who fail to do so are prosecuted under Section 290, Indian Penal Code. Villagers seem to be of almost unanimous opinion that the local cattle disease *mata*, whatever is its nature, can be communicated by means of tainted meat.

2. *Letter No. 608, dated 26th March 1900 from the First Assistant to the Resident in Mysore, to the Dewan of Mysore.*

In continuation of this office letter No. 565, dated the 1st February 1900, I am directed to forward, for information, a copy of a letter No. 554, dated the 14th idem, and of its enclosures from the Government of the North-Western Provinces and Oudh, reporting the existence of a practice in the Almora district of strewing the excrement of infected cattle over the pasture of healthy animals with the object of spreading rinderpest.

No. 551, dated Allahabad, the 14th February 1900, from L. M. Thornton, Esqr., Secretary to the Government of the North-Western Provinces and Oudh to the Secretary to the Government of India.

In continuation of this Government's letter No. 3570, dated the 7th December 1899, I am directed to forward for the information of the Government of India, a copy of the papers noted in the margin, in which the Commissioner of the Kumaun Division reports the existence of a practice in the Almora district of strewing the excrement of infected cattle over the pasture grounds of healthy animals with the object of spreading rinderpest, and to say that the Commissioners of other Divisions in these Provinces have been asked to warn District Magistrates of the practice.

Letter No 2270-XIII-32, dated 25th January 1900, from the Commissioner, Kumaun Division, and enclosure.

No. 2270-XIII-32, dated Haldwani, the 25th January 1900, from R. E. Hamblin, Esqr., Commissioner, Kumaun Division, to the Secretary to the Government of the North-Western Provinces & Oudh.

With reference to paragraph 2 of the Imperial Bacteriologist's letter No. 436, dated 18th September 1899, to your address, copy of which was received with G. O. No. 3568-VI-154C., dated 7th ultimo, regarding the method of spreading rinderpest employed in the Almora district, I have the honor to report that the Deputy Commissioner informed me that in the case referred to the plan actually adopted to spread the disease was to strew the excrement of infected animals over the pasture grounds of healthy animals.

2. On receiving this report I consulted the Imperial Bacteriologist, and submit a copy of his opinion on the point. He confirms the belief that the disease can be readily spread in the manner indicated.

3. I have the honor to suggest that the District Officers should be warned of this possibility. Considering the simplicity of the plan adopted, it would be the most difficult of detection, and the best means of checking the evil seems to be in strict adherence to the advice already given in the Government Order quoted above that chamars should not be allowed to get the skins of animals dying of the disease and that the carcases should be buried. I issued similar orders in Ghazipur to check cattle poisoning.

No. 40, dated the 16th January 1900, from the Imperial Bacteriologist, Mukhtesar, to the Commissioner, Kumaun Division.

With reference to your letter No. 1941-XIII-32, dated 13th January 1900, asking "whether rinderpest could be spread by distribution of the excrement of diseased animals or by strewing the excrement of diseased animals over the pasture grounds of healthy animals," I have the honor to inform you that the above mentioned disease can be most readily imparted to healthy cattle by the above means.

During the terrible outbreak of rinderpest in South Africa in 1896-97-98 it was ascertained that the disease was carried from infected to clean farms, lying some distance apart, by the Kaffir cattle attendants either purposely taking the excrement of diseased cattle with them, or more properly their feet or hands were besmeared only.

3. Letter No. 2052—173-99, dated 1st May 1900, from the Military Assistant, to the Secretary to the Government of Mysore, General and Revenue Departments.

In acknowledging receipt of your No. 10776 Mis. 3254, of the 27th ultimo, forwarding for information, the correspondence in regard to the practice existing in the Almora district, of strewing the excrement of infected cattle, over the pasture grounds of healthy animals, with the object of spreading rinderpest, I have the honor to inform you that the Superintendent, Amrut Mahal Department, has issued a Departmental circular on the subject and has suggested that the correspondence be circulated to the Forest Department, and to Deputy Commissioners, who regulate the pasturage of village cattle.

No. 12711-20—Mis. 3664, dated Bangalore, 22nd May 1900.

Order thereon—Communicated to the Military Assistant to Government, the Conservator of Forests and the Deputy Commissioners of Districts for information.

No. 12391-98—MIS. 3708, DATED BANGALORE, 28TH MAY 1900.

ORDER THEREON—In Government Proceedings No. 7033—2132, dated 21st October 1899, Deputy Commissioners were desired to get prepared, carefully and promptly, registers of villages in actual existence, to lodge these in their offices, and to submit summaries of them. Forms were prescribed for Register and Summary and the time fixed was the end of March or earlier. The communications read above and the statements received with them are the replies.

2. For convenience of future reference the statistics furnished by Deputy Commissioners are summarised here below. It is presumed that the number of shanbhogs and patels shown includes those in alienated villages. It is remarked that the figures for the Mysore district are still provisional, that the returns of the Kadur district were the first received and those of the Chitaldrug district the last. There is reason to fear that in the Bangalore and Kolar district returns, alienated villages temporarily under Government management have been reckoned among Sirkar villages. If this be the case the error should be corrected and revised figures furnished.

The Annual Report on the Working of the Mysore Government Press for the year 1898-99.

No.12949—MIS. F. 45-97, DATED BANGALORE, 29TH MAY 1900.

ORDER THEREON—Mr. H. H. Sparkes, who had been in charge of the Government Press, was relieved by Mr. T. T. Leonard, the present Superintendent, at the close of September 1898.

2. During the year under review the value of work done and receipts under all heads amounted to Rs. 1,04,156 as against Rs. 1,01,898 in the preceding year, showing an increase of Rs. 2,258, and the total expenditure amounted to Rs. 77,174 against Rs. 63,075 in the year preceding. The profit to Government was thus Rs. 26,982 as compared with Rs. 38,823 in the previous year.

3. Owing to the prevalence of plague in Bangalore, work in the Press fell into disorder during the first half of the year, and this necessitated some arrears of work being given to private Presses. The cost of work so executed amounted to Rs. 14,232.

4. Two new blocks of buildings were added to the Government Press at Bangalore, and the following additions of machinery made to the permanent stock during the year :—

(1) A set of Stereotype apparatus.
(2) A Treadle machine.
(3) A Ruling machine
(4) Four Numbering machines.
(5) A Galley-proof press.

5. To expedite the printing of Government Proceedings, Weekly Diaries and other similar work, a Secretariat Branch Press was organized during the year under review. Government note with satisfaction that this Branch Press has been turning out work with promptitude.

6. The Branch Press at Mysore continued to work satisfactorily. The value of work done by that Branch amounted to Rs. 10,403 as against Rs. 9,730 in the preceding year, and the expenditure to Rs. 4,303 against Rs. 4,238 in the year previous, showing a profit to Government of Rs. 6,100.

7. During the year under review, 93 books and periodicals, chiefly in the vernacular, were registered under Act XXV of 1867, as against 114 in the preceding year. Rupees 50 were collected as fees on 25 works for which copyright was secured, as against Rs. 108 on 54 works in the previous year. A statement is appended to para 10 of the report showing the subjects dealt with by these publications.

Letter No. 731, dated the 28th April 1900, from the Inspector General of Registration in Mysore, submitting A and B Returns of his Department for the quarter ending 31st March 1900.

No. 12601—J. 1247, DATED BANGALORE, 19TH MAY 1900.

ORDER THEREON—It is satisfactory to observe that there has been an increase in the number of registrations effected and the revenue realized during the quarter in question, due to the subsidence of plague in all parts of the State and the consequent revival of trade to some extent. The total number of documents of all kinds registered was 13,180 as against 8,917 in the previous quarter and 7,196 in the corresponding quarter of the previous year. The total receipts of the Department during the quarter amounted to Rs. 28,323-12-0 as particularized in the margin, as against an expenditure of Rs. 17,383-4-11 during the same period, leaving a net surplus of Rs. 10,940-7-1 in favor of the Department as compared with Rs. 3,797-8-5 in the previous quarter and Rs. 2,945-15-8 in the corresponding quarter of the previous year.

READ—

Letter No. 330, dated the 11th December 1899, from the Inspector General of Registration in Mysore, submitting the report on the working of the Registration Department in the Mysore State for the year 1898-99.

No. 13087—J. 1281, DATED BANGALORE, 31ST MAY 1900.

ORDER THEREON—Five new Special Sub-Registry offices were opened during the year under review, the total number of such offices at the end of the year being 50. Owing to heavy work, the Special Sub-Registry office at Mysore was split up into two offices, one for the Mysore city and the other for the Mysore taluk, exclusive of the city. Seven offices were raised from the 3rd to the 2nd class.

2. The number of documents registered during the year was 39,678 as against 49,741 in the previous year, showing a decrease of 10,063 or 20·23 per cent. There was a consequent falling off in the revenue which amounted to Rs. 89,181 or Rs. 26,595 less than that of the previous year. This is attributed chiefly to the prevalence of the bubonic plague and the consequent exodus of people and depression of trade throughout the State and, to a small extent, to the adverse condition of the coffee industry in the Hassan and Kadur districts. In spite of this decrease, however, the Department was not only self-supporting but yielded a net surplus of Rs. 22,441.

3. The aggregate value of transactions affecting immovable property was Rs. 99,87,907 or about 36 lakhs less than in 1897-98, while that under the head of movable property (Rs. 4,02,773), also showed a decrease of about three lakhs and eleven thousand. As regards immovable property, the number of compulsory registrations was 24,661 and of optional ones, 13,629. Registrations affecting movable property were 1,075 and the number of wills and authorities to adopt, 313. In 1897-98 the proportion which optionally registered deeds bore to compulsory registrable ones was 53 01 per cent, while during the year under review the ratio was 55·26 per cent.

4. Three hundred and eighty-four documents were refused registration during the year under review against 395 in the year previous. Out of 42 cases appealed against, the orders passed by the Sub-Registrars were set aside in 24 cases and confirmed in nine cases. The percentage of reversals was 57·14 as against 86·95 in the previous year. Of the remaining nine appeals two were withdrawn and seven were pending disposal.

5. The number of applications for the transfer of Revenue Registry received during the year was 2,975 or 489 less than that in the previous year, while the Court sale certificates filed in the Registration offices numbered 857 as against 774 in 1897-98.

6. The number of insufficiently stamped documents impounded during the year was the same as in the year previous, *viz.*, 224, while the deficient stamp duty and penalty recovered thereon amounted to Rs. 1,055 as against Rs. 1,776.

7. Of the 39,678 documents of all kinds registered during the year, 20,270 or 51·08 per cent (as against 47·42 in the previous year) were registered on the day of presentation; 16,214 or 40·86 per cent (as against 42·99 per cent) were registered within two days; 1,687 or 4·25 (as against 4·56) per cent within four days, and the remaining 1,507 or 3·79 (as against 5·01) per cent within periods varying from five days to one month and over. The delay is reported to have been due in most cases to the parties themselves and in some to references having been made to District Registrars or Collectors in cases of doubt.

8. There was one case of criminal prosecution for false personation, which is reported to be under enquiry.

9. It is satisfactory to note that all but three of the Sub-Registry offices in the State were inspected during the year, the District Registrars having inspected 73 and the Inspector General nine.

Proceedings of the Government of Mysore,

Correspondence ending with letter No. 926, dated the 2nd April 1900, from the President of the District Fund Board, Mysore Circle, *in re* remission solicited by Usman Sab, contractor, for 1898-99 of the Mulehole toll-bar in the Gundlupet taluk.

No. 12313-21—L. F. 45-96, DATED BANGALORE, 12TH MAY 1900.

ORDER THEREON—The petitioner Usman Sab, who had purchased the right of collecting tolls at the frontier station at Mulehole during 1898-99, for Rs. 1,768-8-0, prays for a remission of a portion of the sale amount, on the ground of a decrease in the traffic on the road owing to the prevalence of plague and other causes. The Deputy Commissioner reports as the result of an enquiry ordered by him, that the petitioner is entitled to some concession and recommends the remission of two months' khist.

2. On a perusal of the papers connected with the case, it appears to Government that this is a hard case deserving of indulgent consideration. The Deputy Commissioner's recommendation does not, however, rest upon any understandable basis. As a special case, Government are pleased to sanction the remission in favor of the petitioner, of an amount equal to the difference between the average collection at the toll-bar during the past five years and the amount of the bid for the year in question, *viz.*, Rs. 303-8-0.

3. In this connection it must be remarked that the Deputy Commissioner's procedure shows no method whatever. In a matter involving a large remission, the shekdar was the most unlikely person to get at the truth, and a mahazar prepared at his instance is next to useless. A higher officer should have gone to the spot and ascertained all the particulars at once. The Deputy Commissioner ought to keep it in view to check such tendencies of Taluk Amildars and higher officials to shove all important investigations on to the shekdars. On the whole, the Government are constrained to observe that the matter did not receive prompt attention and was not properly investigated by the district and local authorities.

Proceedings of the Government of Mysore.

No. 12064—L. F. 6-97, DATED BANGALORE, 3RD MAY 1900.

ORDER—The conservancy of the City of Mysore, during the approaching marriage of His Highness the Maharaja of Mysore, when large concourses of people are expected to assemble, is very important. It is trusted that the Deputy Commissioner and President will make all needful arrangements. If necessary, one or two Taluk Amildars may be put in special charge to work under the orders of the Vice-President. It is hoped the Deputy Commissioner will take timely action.

4. *III. Collection* (*a*) *Octroi.*—The increase provided under this head in the budget of Seringapatam is in accordance with Government Proceedings No. 5844-5—L. F. 78-98, dated 20th November 1899, and is sanctioned.

(*b*) *Mohatarfa.*—The proposed increases under this head are stated to be required for payment to village officials of remuneration due for the collection of Mohatarfa taxes during 1898-99, which was not distributed in that year, and the same are passed.

5. *IV. Conservancy.*—As the increases provided under this head in the budgets of Melkote, French Rocks, Mandya, Maddur, Nagamangala, Krishnarajpete, Palhalli and Kikkeri have already been sanctioned in Government Proceedings Nos. 5471-2—L. F. 78-98 and 5844-5—L. F. 78-98, dated, respectively, the 11th and 20th November 1899, the provisions made for the same are approved.

6. *VIII. Public Works.*—For want of funds, the provisions made in the budgets of Seringapatam, French Rocks and Mandya will be reduced as shown in the margin; but the increased provisions made in the budgets of Palhalli and Kikkeri will be passed, a corresponding increase on account of establishment charges being entered under "(*a*) Supervision charges" and the total estimates raised accordingly.

Government Proceedings No. 12704-13—L. F. 295-96, dated the 8th May 1899, issuing instructions in regard to the remuneration payable to village servants for collecting municipal revenue in places where a separate collection agency does not exist.

No. 748, dated the 6th June 1899, from the President of the Municipalities in the Tumkur District.

No. 304, dated the 12th November 1899, from the President of the Municipalities in the Kadur District.

No. 349—336, dated the 21st November 1899, from the President of the Municipalities in the Chitaldrug District.

No. 12957-65—L. F. 295-96, DATED BANGALORE, 30TH MAY 1900.

ORDER THEREON—The Order of the 8th May 1899, having omitted to specify the date from which the revised rates of remuneration, prescribed therein, should come into force, Government now direct that these rates be introduced with effect from the official year 1898-99. Payment at these rates can be made only : (1) in cases in which it has been definitely ascertained that the potgi, originally fixed, had not taken into account the mohatarfa in municipal towns, and (2) in cases in which such potgi has been revised so as to exclude the municipal mohatarfa originally included.

2. The rates should, of course, be calculated on actual realizations under such items of Municipal revenue as are entrusted to the village agency for collection and not on the entire revenue of the municipalities, much less on the demand. The amount of remuneration payable will, no doubt, vary with the amount collected in each year ; but this is rather an advantage as tending to stimulate collection work.

3. By the term "Shanbhog," in para 4 of the Order in question, was meant merely the village servant or servants employed on collection work and it was not intended to exclude the patel. Municipal Boards are at liberty to apportion the aggregate amount of remuneration among the village servants actually employed in such proportions as they may deem proper.

4. Except in cases where the remuneration proposed to be paid exceeds the scale laid down, Presidents of Municipal Boards may pass bills for payment without a previous reference to Government.

5. The President of the Tumkur Municipality is informed that the Vice-President may be empowered to issue coercive processes for the recovery of mohatarfa dues in that Municipality.

2. *I. Octroi.*—The estimates entered under this head represent the income expected during the last four months of the year from the Octroi duty on certain articles recently introduced into the Municipalities of Hunsur, Yedatore, Heggadevankote, Sargur, Gundlupet and Saligram, and are passed.

3. *II. House-tax, VII Mohatarfa and X Miscellaneous.*—The figures entered in the budget of Periapatna represent the sums collected during the past year but not credited to the Municipal Funds during the year. The estimates are approved.

4. *Opening Balance.*—The revised estimates proposed under this head are the actual balances in favor of the several municipalities on 1st July 1899 according to the Comptroller's accounts for 1898-99, and are sanctioned.

EXPENDITURE.

5. *Head Office.*—As under recent orders, the cost of establishments in the Dewan's and Comptroller's offices has to be debited to Provincial Funds the provisions for the same nevertheless retained in the budgets of Pariyapatna and Bannur will be struck out.

6. *VIII. Public Works.*—Owing to want of funds the additional provision of Rs. 120 made for new works in the budget of Sosale will be struck out, and a corresponding reduction made in the estimate under "Supervision charges."

7. The other items call for no remarks and are passed.

8. The budget estimates of receipts and expenditure of the several municipalities in the Mysore district for 1899-1900 as now revised will stand as per particulars given in the accompanying appendices, of which an abstract is given hereunder:—

Correspondence ending with letter No. 652, dated 29th March 1900, from the Deputy Commissioner, Kadur district, requesting sanction of Government to permit the raiyats of the marginally noted villages in the Kadur taluk, to cut and remove date leaves to feed their cattle on and save the fodder that they have for use in the ensuing season, if the next monsoon fails.

2. D. O. letter, dated 31st January 1900, from the Excise Commissioner in Mysore, submitting a draft of the Rules for regulating the cutting and removal of date leaves for fodder in the above named villages of the Kadur taluk and stating that the concession may be granted in the vanams specified by him.

No. 7811-12—R. 2641, DATED BANGALORE, 2ND MAY 1900.

ORDER THEREON—This is a matter which will be left to the Deputy Commissioner to decide. If, on enquiry, he finds that the help sought (permission to use date leaves as fodder) is really necessary for the villages named in the margin, he is authorized to give such permission under proper precautions against its abuse. If, as it is probable, the supply of pasture has been improved by the recent showers of rain, it would, of course, be unnecessary to grant the concession in question. The concession should, in any case, be limited as to time, locality, &c. The rules recommended by the Excise Commissioner will be forwarded to the Deputy Commissioner for observance as far as possible under local conditions. There is a tendency in all districts for the raiyats on the slightest diminution of the ordinary pasture, to come up with applications for concession to use date leaves. This should be discouraged as far as possible and the use of date leaves as fodder should be reserved as something to fall back upon in extreme cases of failure of the ordinary pasture. It is notorious that there often is lavishness in the use of date leaves and that it is not always remembered that if the leaves to be taken from a tree are restricted to the proper number, a very large grove will be required to feed a small number of cattle for the brief space of a month.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioner, Kadur District, with a copy of the rules referred to.
The Excise Commissioner in Mysore.

RULES.

1. Applications for license to cut and remove date leaves for fodder for cattle, in Government unoccupied lands, shall be made to the Amildar, specifying the name of the village, the survey numbers in which the leaves are intended to be cut, and the number of trees in each survey number from which the leaves have to be cut.

2. Unhealthy trees, or trees tapped last year, or those which are being tapped, or are intended to be tapped during the current year, should not be selected.

3. On receipt of the applications the Amildar shall forthwith ascertain through the local Excise Officer that the trees shown in them are not of any of the descriptions referred to in para 2 above, prepare the requisite license for the number of trees determined by him and forward it to the local Excise Officer for delivery to the applicant.

4. The Excise Officer shall register the license in a book kept by him, and without loss of time proceed to the village, deliver the license to the applicant and take his signature in the village patel's presence in proof of the applicant having received the license. He should then point out to the applicant and also to the patel the trees from which the leaves are to be cut and obtain the patel's signature in his register in proof of the patel's cognizance.

5. The license should contain the following principal conditions :—

(1) No date leaves shall be cut from unhealthy trees, or from trees tapped in the past year.

(2) No leaves shall be cut from trees which are being tapped, or are intended to be tapped during the current year.

(3) The first twelve leaves commencing from the shoot shall not be cut.

(4) No leaves shall be cut except from trees in the survey numbers included in this license.

(5) Any person cutting leaves carelessly or in contravention of the above conditions, shall be liable to be prosecuted for mischief under Section 426 of the Indian Penal Code.

6. The patel of the village and his subordinates should take care that the above conditions are not infringed by the licensee; and any infringement thereof should be forthwith reported by the patel to the Amildar.

7. The Excise patrol parties should, from time to time, inspect the groves and every one of the licensed trees, and see that these rules are strictly acted up to, and that no other trees except the licensed trees are touched.

8. The Excise Supervisor of the Range concerned should frequently supervise the groves and inspect each tree so cut for leaves, and see that the Excise Officers are doing their duty properly and no irregularities are committed

9. The licenses to cut and remove date leaves for fodder under the above conditions should, as far as possible, be restricted to the date groves of the following villages in the Kadur taluk :—

Name of Hobli.	*Name of the Village.*
Yagati	... Vuligere.
Do	... Kottigere.
Do	... Basavanhalli.
Do	... Maravanjee.
Do	... Kunkanad
Do	... Vaddarahalli.
Bidare	.. Karesanthi Kodilakere.
Do	... Bidare.

10. All the licenses granted under these rules should be withdrawn immediately after good showers of rain. The date of the withdrawal of the license should be notified by the Amildar to the local Excise Officer for noting same in his register and for necessary action.

The patel will be liable for punishment by the Deputy Commissioner if he fails to be vigilant in the prevention of injury to the trees.

READ—

Correspondence ending with letter No. 832—692, dated 21st March 1900, from the Deputy Commissioner, Shimoga district, regarding the grant to one Vasudevayya for garden cultivation on full assessment of 2 acres and 22 guntas of land encroached upon by him out of gomal and soppinbetta Survey No. 63 in the Bidargoda village, Tirthahalli taluk.

No. 7813—R. 2642, DATED BANGALORE, 3RD MAY 1900.

ORDER THEREON—In 1889, one Vasudevayya applied for portions of land out of gomal and soppinbetta Survey No. 63, referred to above, for garden cultivation on alve tenure. The Deputy Commissioner granted on the said tenure an extent of 2 acres and 20 guntas of land without obtaining Government sanction and also issued a kaulnama to him. The applicant was duly put in possession of the land in November 1892. In 1897-98, Vasudevayya cultivated 30 guntas of the land granted to him as above and also encroached upon Government land in the same Survey No. 63 by clearing 2 acres and 22 guntas and planting 1 acre and 27 guntas thereof with areca and plantain. The fact of this unauthorized cultivation was brought on the Takrar Takhta of 1898, whereupon the Jamabandi Officer ordered the cancelment of the alve tenure as a punishment for the unauthorized appropriation of a portion of the Government land in the same survey number and subjected the land encroached upon to full assessment. In the following year, that is to say 1898-99, it was found that the 30 guntas planted out of the land granted on alve tenure had been allowed to lie waste.

2. The Deputy Commissioner states that by some oversight sanction of the Government does not seem to have been obtained in 1893 for the grant of 2 acres and 20 guntas of land on alve tenure; and now requests sanction of Government to the appropriation for garden cultivation on full assessment of 2 acres and 22 guntas of land which he found in the occupation of Vasudevayya out of the said Survey No. 63.

3. Government observe that oversights, as causes of errors and omissions, are very weak excuses and only show that work is not done with due care and attention. Vasudevayya seems to have encroached on Government land in 1897-98 and the delay in making the present recommendation has not been explained. The Deputy Commissioner's attention is further drawn to para 2 (as modified by the Notification of 9th January 1894) of the Rules for the grant of land on Alve tenure for garden cultivation, under which on account of his default Vasudevayya seems *prima facie* liable to pay full assessment for the years during which he held the alve land. It is not reported whether there were any trees, the value of which has also to be recovered from him as a fine. The Deputy Commissioner has not reported whether any and what action has been taken in this direction, and he is now requested to supply the omission. As regards confirming the land encroached upon, Government wish to know whether a fine at least should not be levied for it, as otherwise the requirement of Section 59 of the Land Revenue Code will not be satisfied. The explanation which the Jamabandi Officer has to give on this point should be submitted. On the whole, the present reference, it must be observed, is meagre and wanting in the description of the facts and circumstances necessary for arriving at a final decision.

Letter No. 641, dated 15th March 1900, from the Deputy Commissioner, Hassan district, soliciting sanction to the allotment of the marginally noted gomal lands in the Hebbasale village, Saklespur hobli, Manjarabad taluk, for the purpose of opening out a cart-road from Kumbardi to Hebbasale village, so as to join the Mudgere-Saklespur road, and stating that the road in question runs through the occupied and gomal lands noted in the margin, that the occupants consented to the road being made and that the villagers raised no objection to the road being opened in gomal lands.

No. 7856-7—R. 2664, DATED BANGALORE, 4TH MAY 1900.

ORDER THEREON—In February 1895, Mr. Thos. Hunt of the Harlay Estate applied to the Amildar for permission to make the road referred to above. The villagers had no objection as the road would be useful not only to Mr. Hunt but also to themselves. On the recommendation of the Amildar, Mr. Bowring, Assistant Commissioner, sanctioned the construction of the road subject to the condition that it should be kept open for public use. Mr. Hunt next proposed that the road be made available only to those that subscribed towards the cost of its construction. Mr. Bowring declined to modify his order as requested. Mr. Hunt objected to the public using parts of the road running through land belonging to himself or the Harlay Estate as he was made to purchase Government land for the road. Mr. B. G. Krishnaiengar, (Deputy Commissioner) deprecated Mr. Bowring's action in taking upon himself to sanction the road and observed that the road should be kept open for local traffic. The present Deputy Commissioner in submitting a gomal statement for the sanction of Government reports that the road was opened in 1896 without obtaining previous permission; that Mr. Bowring's order was merely a *post facto* formal sanction given after the road had been made; that the number and value of the trees cut down on account of the road passing through gomal land could not be ascertained as the trees were felled long ago; and that Mr. Hunt is the owner of Survey No. 300 of Hebbasale and No. 207 of Kumbardi.

2. This case discloses serious irregularities. The road should not have been allowed to be opened without permission. Mr. Bowring was wrong in having sanctioned the making of the road on his own authority. This erroneous order of Mr. Bowring, due doubtless to his inexperience, should have been promptly corrected by the Deputy Commissioner. But it is noted with regret that the matter was greatly delayed in the District Office. The trees felled on Government land in opening the road should have been counted and valued. As, however, the road is stated to be useful to the villagers concerned, the appropriation of the gomal land referred to above is sanctioned on the distinct understanding that Mr. Hunt waives his objection and executes a muchalika agreeing to throw open the road for the free and unrestricted use of the public.

Letter No. 940, dated 30th March 1900, from the Deputy Commissioner of the Mysore district.

No. 8106—R. 2778, DATED BANGALORE, 16TH MAY 1900.

ORDER THEREON—With the above, the Deputy Commissioner submits, as noted below, three remission statements showing the particulars of irrecoverable arrears in the Mysore taluk and requests sanction to the remission thereof :—

		Rs.	a.	p.
(i)	Statement of irrecoverable arrears for 1895-96 . .	* 1,995	0	0
(ii)	Ditto for 1898-99 .	404	4	9
(iii)	Statement of Inam villages taken under Government management	73	6	4
	Total ...	2,472	11	1

* Not Rs. 2,021-3-0 as given in the statement.

2. Cases 1 and 2—Rs. 163-10-0 referred to in the statement for 1895-96. The remarks made against these cases are meagre. It should have been stated when the lands were taken up for the Nagavanahalli road and whether their acquisition was sanctioned by Government. It is not clear in the 2nd case why the arrears were allowed to accumulate for six years.

Case No. 4—Rs. 27-10-0. It is not understood why sanction of Government is necessary to the remission of the amount involved in this case, and the Deputy Commissioner's attention is drawn to the revised rules laid down in Government Proceedings No. 9792-800—Cir. 214, dated 5th March 1890.

Case No. 18—Rs. 12-0-3. The circumstances under which the arrears were left uncollected for nine years require to be explained.

Case No. 29—Rs. 128-6-2. The remarks made against this case are not clear. Why the movable property of the defaulter was not proceeded against is not explained. The total amount against the defaulter Boriah in this case is Rs. 39 and not Rs. 51-3-0 as given in the statement.

Case No. 30—Rs. 7-6-10. The grounds on which the remission of the amount involved in this case is recommended should be stated clearly.

Cases Nos. 31 and 32—Rs. 101-15-10. It is not clear in these cases whether the defaulters possess no other property to be proceeded against for the recovery of the arrears due by them.

Cases Nos. 34 to 39 and 47—Rs. 71-14-7 and Rs. 11-2-4. The remark made against these cases, *viz.*, that the arrears are irrecoverable is very meagre. Whether the defaulters in these cases own no other property to be proceeded against for the recovery of the arrears should be made clear.

Case No. 50—Rs. 543-6-0. Why the arrears were allowed to accumulate and why water was not supplied from 16th February 1890 (the date of the Deputy Commissioner's order) till the year Jaya (1894-95) cannot be made out from the remarks given.

3. Case No. 40—Rs. 1-13-8 referred to in the statement for the year 1898-99. It is not clear why only a portion of Survey No. 340 measuring 1 acre and 34 guntas assessed at Rs. 1-12-0 was sold.

Cases Nos. 43, 47, 56 and 60—Rs. 12-13-5. The question is whether the defaulters own any other property which may be proceeded against for the recovery of arrears.

Case No. 75—Rs. 188-9-0 (*vide* remarks made against Case No. 50 *supra*).

4. The total amount to be written off the accounts in the Mysore taluk for the year 1895-96 amounts to Rs. 1,995, as per details given in the remission statement, but the abstract appended to the statement shows the amount as Rs. 2,021-3-0 or Rs. 26-3-0 more than the details. The babwar particulars given in the abstract differ from the details given in the body of the remission statement. A correct abstract would be as given in statement A attached.

5. Pending the submission of the explanations called for in the above cases together with records in Cases Nos. 29 and 50 of 1895-96 and 75 of 1898-99, the amounts involved in all these cases will stand disallowed.

6. Deducting the sum of Rs. 1,057-8-0 thus disallowed from the statement for 1895-96, and the sum of Rs. 203-4-1 from that for 1898-99, the amounts as per statements B C and D appended hereto may be written off the accounts *viz.* :—

	Rs.	a.	p.
1. For 1895-96	927	8	0
2. For 1898-99	201	0	8
3. For Inam villages under Government management 1898-99	73	6	4

2. *Kolar District.*—Two cases relating to the year 1894-95, which are pending in the Chintamani taluk, are stated to be "Under correspondence." This remark is vague. What should have been explained is where the delay lies, and why.

There are four cases of 1895-96 pending in the Bowringpet taluk. It is stated that two cases have been sent to the Survey Department to be assessed. It is not explained when these two cases were sent to the Survey Department, and why the other two old cases have been pending. Similarly, there are two cases of 1895-96

and one case of 1896-97 in the Malur and Bowringpet taluks, respectively, requiring explanation of the cause of delay.

3. *Mysore District.*—One case of 1894-95 and three of 1895-96, pending in the Mandya taluk, are reported to have been advertized for sale. Three more cases of 1895-96 of the same taluk are stated to be awaiting expiry of appeal time. It is hoped that there will be no further delay in the final disposal of these applications, and the Deputy Commissioner is requested to explain at what stage the 7th case of 1895-96 is and why one case of 1895-96 of the Chamrajnagar taluk and two cases of 1896-97 of the Yedatore taluk have been pending with Assistant Commissioners. The other case of 1896-97, pending with the Measurer, should also receive very early attention.

4. *Hassan District.*—No explanation whatever is given as to why four darkhasts of 1893-94 and one darkhast of each of the succeeding three years of the Hole-Narsipur taluk, have been pending. There are also pending disposal two cases of 1895-96 and one of 1896-97 of the Arsikere taluk. This also requires explanation.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioners of Districts.

READ THE FOLLOWING—

Letter No. 444—424, dated 29th December 1899, from the Deputy Commissioner, Chitaldrug District, to the Secretary to the Government of Mysore, General and Revenue Departments.

I have the honor to forward copy of docket No. 1013—5492, dated 27th October last, regarding the Devapur tank in the Hosdrug sub-taluk.

2. The tank was restored in 1884, but owing to the execution of the annual earth-work having been neglected, it has now been found necessary to sanction an estimate for Rs. 5,320, out of which Rs. 4,054 is the cost of earth-work and turfing to be done by raiyats, and the Secretary to Government, Public Works Department, states that this sum has to be recovered from the raiyats. In my letter to that Officer, No. 148—14, dated 29th September 1899, copy of which is enclosed for reference, I have stated the circumstances under which the work was neglected. However much I regret that neglect, I find that it is not possible to collect the full amount now debited to the Revenue Department; without causing an amount of hardship to the raiyats which, at any rate, in the present circumstances of the village and the unfavorable character of the present season, I do not consider it advisable to venture upon doing, more especially as the blame attaches more to local officers than to the raiyats themselves. I therefore beg to recommend that Government waive their right to the sum now charged to the raiyats except Rs. 1,000 which may be collected in three yearly instalments. The raiyats have already done earth-work, valued at about Rs. 300, which may be taken as part payment of the sum to be collected this year.

Docket No. 1013—5492, dated 27th October 1899, from the Secretary to the Government, Public Works Department, to the Superintending Engineer, Eastern Circle.

Superintending Engineer's No. 3833 of the 19th instant submitting for sanction Plan and Estimate amounting to Rs. 5,320, for raising the bund of the Devapur tank in the Hosdrug taluk to the original standard.

In returning the estimate received with the above, duly sanctioned for Rs. 5,320, has the honor to inform the Superintending Engineer that the cost of earth-work and turfing amounting to Rs. 4,054 may be debited to the Revenue Department to be recovered as arrears of revenue from the raiyats under maintenance rules.

Letter No. 148—14, dated 29th October 1899, from the Deputy Commissioner, Chitaldrug District, to the Chief Engineer in Mysore.

I have the honor to acknowledge the receipt of your letters Nos. 4691 and 4955, dated 8th and 22nd September 1899, respectively, regarding the execution of earth-work to be done to the Devapar tank in the Hosdurg sub-taluk.

2. In reply, I beg to state that it is difficult for me to explain why the earth-work to the tank was neglected during the 15 years from 1884, in which year it is stated to have

been restored. There were in the interval four Deputy Commissioners in charge of the district and about six Deputy Amildars in charge of the sub-taluk. The explanations of two of the latter that are now in the district are forwarded. I believe it was found difficult to bring up the accumulated arrears of a series of years. I myself regret that proper attention was not given to it till now.

3. The earth-work has now been started. I saw the tank a few days ago, and found a considerable portion of it was done. The village is a small one and it takes sometime to have all the work done. The energy with which the work has now been taken up will not however be slackened. The Executive Engineer states that the grade stones now on the bund are faulty, and have to be rectified. I have asked him to have this done as early as possible to enable further work being done by the raiyats.

4. In regard to the date trees being allowed to grow upon lands irrigable by the tank, I beg to state that nobody is responsible for it. There was no demand for the land and therefore it lay waste and date trees grew upon it. I have been disposing of applications for some of these lands; but they are not many, and there does not seem to be any likelihood of a large extent of the waste land being taken up, at any rate for some time to come.

No. 8448-56—R. 2912, DATED BANGALORE, 30TH MAY 1900.

ORDER THEREON—Under Rule 9 of Notification No. 65, dated 2nd October 1873, the value of the earth-work is strictly recoverable from the raiyats as a revenue demand, but under the circumstances brought to notice by the Deputy Commissioner, the proposal made by him to waive Rs. 3,054 and recover the balance of Rs. 1,000 in three annual instalments, is sanctioned. The value of the earth-work now done by the raiyats may be taken in reduction of the instalment due for the current year, and balance of that instalment collected at once.

2. In connection with the case under notice, it must be remarked that as matters stand at present there appears to be no system observed in the inspection of tanks brought up to standard and handed over to the raiyats for up-keep. The rules published under the Notification referred to above are quite explicit. What is required is a strict observance of these rules by Revenue Officers. Government have been from time to time drawing the attention of the Deputy Commissioners to this important duty. General instructions were issued to them so lately as 14th April 1899 (see Government Order No. 7249-57—Pet. F. 5-97) and Government still feel that they are not in a position to know at present whether all such tanks are annually inspected by the Amildar and the register prescribed in Rule 8 is efficiently maintained in each taluk. In cases of continued neglect, as in the present instance, it thus becomes difficult to say who should be held responsible for it. Government therefore issue the following instructions:—

1. Deputy Commissioners of districts are again requested to see that the rules of 2nd October 1873 are strictly enforced (*vide* Rule 12).
2. Copies of the register prescribed in Rule 8 should, within two months from this date, be obtained from Amildars and Deputy Amildars and submitted to Government with such remarks as the Deputy Commissioners may wish to make. The register should include every tank brought up to standard and handed over to the raiyats; and.
3. Hereafter, at the close of the annual taluk jamabandi, the Amildar should submit two copies of the register to the Deputy Commissioner, who will forward one copy to the Dewan's Office with his remarks as soon as the district jamabandi of the taluk is over and not later than 31st March in each year.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioner, Chitaldrug District.
The Deputy Commissioners of other Districts.
The Chief Engineer in Mysore, for information.

(4) Letter No. 4136—508-90, *dated 5th December* 1893, *from the First Assistant to the Resident in Mysore, to the Dewan of Mysore.*

I am directed to state, for the information of the Durbar, that in connection with a Resolution of the Government of India in the Military Department, ordering that no land forming part of a Military encamping ground shall be entered upon or occupied for any purpose by the Civil Department, it was decided that this Resolution should apply to encamping grounds in Native States, unless the lands were held under conditions which prevented the terms of the Resolution being carried out.

2. It is not known under what conditions lands in the Mysore State were kept apart for Military encamping grounds. In order, however, to give effect to the Resolution of the Government of India, the Resident will be glad if the lands used for Military encamping grounds may not be entered upon or occupied for any other purpose and that in cases where previous conditions justify the occupancy of such lands for other purposes, due intimation may be given to this office.

(5) Letter No. 138—*R.* 59, *dated 7th July* 1898, *from the Secretary to the Government of Mysore, to the First Assistant to the Resident in Mysore.*

Reverting to your letter No. 4136—508-90, dated 5th December 1893, I am directed to request that you will be so good as to cause 11 acres of land, out of Survey No. 132 of Saklespur, Manjarabad taluk, Hassan district, to be included as one of the encamping grounds in the list forwarded with this office No. 423—43, dated 21st April 1887. No army having encamped at Saklespur for the last 20 years, the above extent of land appears to have been omitted to be included in the list referred to above, though Survey No. 103 (extent 10 acres and 39 guntas), since otherwise utilized, used to be called an encamping ground.

(6) Letter No. 3513—614-86, *dated* 18*th July* 1898 *from the First Assistant to the Resident in Mysore, to the Dewan of Mysore*

With reference to your letter No. 138—R. 59, dated the 7th instant, I am directed to enquire whether Survey No. 103 (extent 10 acres and 39 guntas) referred to therein is included in the list of encamping grounds furnished with your letter No 423—43 of the 21st April 1887. If it was, or if it was used as a Military encamping ground, it should not have been utilized for any other purpose without reference to this office In this connection, I am to invite attention to this office letter No. 4136—508-90, dated the 5th December 1893.

2. As regards the 11 acres of land in Survey No. 132 of Saklespur, I am to request that particulars, such as number of route, name of ground, frontage, depth, &c., required for inclusion in the list, may be kindly furnished, and the particular place where the necessary addition should be made in the list pointed out.

(7) Letter No. 1366—*R. F.* 2-98 *dated* 19*th August* 1898 *from the Secretary to the Government of Mysore, to the First Assistant to the Resident in Mysore.*

Reverting to your letter No. 4136—508-90, dated 5th December 1893, I am directed to invite attention to the list of encamping grounds forwarded with this office No 423—43, dated 21st April 1887, wherein it is stated that an extent of 4 acres and 22 guntas, out of Survey No. 8 (kharab) of Kamanduga village, is set apart as an encamping ground. The name of the ground is Santaveri and its rank No is 157. Survey No 8 measures 23 acres and 9 guntas. The exact situation of the portion set apart for camping purposes was not specially defined or mentioned, nor does any Military force seem to have up to date travelled on the Chikmagalur-Tarikere road and encamped on any portion of the said number. For the purpose of improving and extending the Santaveri village, it is necessary to acquire Survey No 17, extent 8 acres and 2 guntas, from private occupancy, and it is proposed to give in exchange the eastern portion of Survey No 8, measuring 8 acres, to the occupant. This portion being overgrown with lantana and jungle, is reported to be quite unsuited for encamping purposes, and, on sanitary grounds it is not desirable to allow it to remain as it is. Under these circumstances, I am directed to request that the encamping ground of 4 acres and 22 guntas may be taken as forming part of the western portion of Survey No 8. The eastern and western portions are marked as 8 (b) and 8 (a), respectively, on the accompanying sketch which may, it is requested, be returned when no longer required.

(8) Letter No. 4875—614-86, *dated* 20*th September* 1898, *from the First Assistant to the Resident in Mysore, to the Dewan of Mysore.*

I am directed to reply to your letter No 1366—R. F. 2-98, dated the 19th ultimo, regarding an encamping ground in Kamanduga village, known as "Santaveri."

2 It is stated in your letter that the "exact situation of the portion set apart for encamping purposes was not specially defined or mentioned," whereas, in the list of encamping grounds received with your letter No 423—43 of the 21st April 1887, and herewith sent for reference and obliging return, the situation of the camping ground has been shown opposite to "Santaveri" on the sketch attached to the list. From this sketch, it would appear that the camping ground is situated in the western portion (8a) of Survey No. 8.

3. It is not therefore understood what change is now required.

(9) Letter No. 3432—*R. F.* 2-98, *dated* 22*nd November* 1898, *from the Secretary to the Government of Mysore, General and Revenue Departments, to the First Assistant to the Resident in Mysore*

With reference to your letter No. 4875—614-86, dated 20th September 1898, *in re* encamping ground in the Kamanduga village, known as Santaveri in the Tarikere taluk, I am directed to state that in the sketch attached to the list of encamping grounds forwarded to the Residency with this office No. 423—43, dated 21st April 1887, the extent of land set apart as encamping ground out of Survey No. 8 at Santaveri was shown as 4 acres and 22 guntas, according to the information then furnished by the Deputy Commissioner It is now proposed that the western portion of the aforesaid number measuring 14 acres and 9 guntas including the 4 acres and 22 guntas above referred to, may be reserved as the encamping ground, as it is in every way convenient for that purpose and

commands a fair supply of water close by. I am to intimate for favor of communication to the Military authorities that the Durbar have approved of the Deputy Commissioner's proposal.

The list with the sketches attached thereto, received with your letter under reply, is herewith returned with thanks.

(10) *Letter No. 564, dated 22nd December* 1896, *from B. G. Krishnaiengar, Esq., Officiating Deputy Commissioner, Hassan District, to the Secretary to the Government of Mysore, General and Revenue Departments.*

In submitting herewith vernacular papers ending with Manjarabad Amildar's report No. 333 of the 30th ultimo, in regard to the application of Mr. R. Anderson of Barguai Estate for 5 acres of land out of Survey No. 103 of the Saklespur village for the purpose of building a club at Saklespur, I have the honor to state that this land was applied for for cultivation in 1893, when Amildar Narayana Rao recommended to the Deputy Commissioner that it might be reserved by Government, as it was absolutely required for a camping ground. Mr. Purnaiya thereupon ordered that the darkhasts should be rejected and the land reserved.

2. From enquiries made, I find that since the last 20 years Military forces have not travelled by this route. I have therefore ordered that three acres of this land might be pleaded with a view to the same being given to the applicant, as the remaining extent will be quite sufficient for the Military or any other camping purpose.

3. The construction of a club building will add to the beauty and importance of the place.

4. Under these circumstances, I request that sanction may be accorded to the grant of three acres of land out of this survey number for building a planters' club.

Correspondence ending with letter No. 1187, dated 30th May 1898, from the Deputy Commissioner, Hassan district, on the subject of the grant for constructing a Planters' Club at Saklespur, of a portion of Survey No. 103* of the Saklespur village, Manjarabad taluk.

No. 137—R. 58, DATED BANGALORE, 7TH JULY 1898.

ORDER THEREON.—Survey No. 103 above referred to is not included in the list of encamping grounds submitted by the Deputy Commissioner and communicated to the Residency in 1887, but is entered in the list received with his letter No. 54, dated 16th July 1895. In October 1896 Mr. Anderson of the Barguai Estate, Manjarabad, having applied for five acres out of this number for the erection of a club building, the Deputy Commissioner solicited sanction to the grant of three acres for the purpose on the ground that it would add to the appearance and importance of the place. In this office No. 8322—R. 2726, dated 8th March 1898, he was requested to report whether some other land could not be selected for the club building and if that was not possible, what other land he would propose to set apart for use as an encamping ground. The Deputy Commissioner reports that three acres of land out of Survey No. 103 having been made over to the applicant in anticipation of Government sanction, a building has been already erected thereon, that Survey No. 132 (gomal) which is situated at a distance from the contaminated vicinity of the town and which thus has a purer atmosphere, is well suited for encamping purposes and that the British Resident who encamped on this new ground during his last tour seemed to approve of it as an encamping ground. It is further reported that about 20 years ago, the British troops passing from Bellary to Mangalore had encamped on Survey No. 103 and that since then there has been no such encampment, although the higher officers of Government occasionally encamp on this ground.

2. Under these circumstances, sanction is accorded to the grant of three acres of land out of Survey No. 103 for a club building, subject to the payment of a fair price and the proportionate assessment thereon as agreed to by Mr. Anderson, and to the reservation of Survey No. 132 measuring 28 acres and 8 guntas as an encamping ground, in lieu of Survey No. 103 as recommended by the Deputy Commissioner. The Deputy Commissioner should understand that no portion of this encamping ground should have been thus appropriated to other purposes without the express sanction of Government.

(12) Letter No 808, dated 22nd May 1899, from D. Devaraj Urs, Esq., Deputy Commissioner, Hassan District, to the Secretary to the Government of Mysore, General and Revenue Departments.

With reference to your docket No 4423—R. F. 2-98, dated 24th December 1898, calling for the submission of duplicate sketch of 11 acres reserved as encamping ground out of Survey No. 132 of the Saklespur village and to report such depth and frontage as would give an extent of 11 acres, I have the honor to state that the Sub-Division Officer, Saklespur, reports that the ground originally selected was uneven and that another site of 6 acres and 39 guntas out of gomal Survey No. 132 above referred to and out of 4 acres and 1 gunta out of Government waste Survey No. 145, measuring 6 acres and 4 guntas, assessed at Rs. 2-4-0, has therefore been selected. So, I beg to submit that both these numbers may be reserved.

2. A sketch, in duplicate, is submitted, showing the configuration of the land. As the area is not rectangular, the same has been shown on the map.

3. The vernacular papers ending with Saklespur Sub-Division Officer's Yadi No. 641—2004, dated 2nd May 1899, are herewith submitted.

(13) Docket No. 9031—R. F. 2-98, dated 8th June 1899, from the Secretary to the Government of Mysore, General and Revenue Departments, to the Deputy Commissioner, Hassan District

Deputy Commissioner's letter No. 808, dated 22nd May 1899, proposing that 6 acres and 39 guntas of land out of Survey No 132 (gomal) and 4 acres and 1 gunta of land out of assessed Survey No 145 of the Saklespur village, Manjarabad taluk, may be reserved as encamping ground in lieu of Survey No. 103 otherwise utilized.

Referring to the above, has the honor to observe as follows :—

In the Deputy Commissioner's letter No. 1187, dated 30th May 1898, it was reported that Survey No. 132 was well suited for an encamping ground and that the Resident, who had encamped thereon seemed also to approve of it The First Assistant to the Resident was, therefore, informed that 11 acres of land out of the said number had been reserved as an encamping ground. In the Deputy Commissioner's subsequent letter No. 431, dated 8th December 1898, it was further reported that the said extent of 11 acres was the best portion of Survey No 132, but its frontage and depth were not correctly stated It is now proposed that the ground originally selected being uneven, 6 acres and 39 guntas out of Survey No. 132 and 4 acres and 1 gunta out of Survey No 145 might be set apart for encamping ground The local authorities should have inspected the land at the outset, and made a final report, in order to avoid delay and unnecessary correspondence.

2 As the Residency has to be addressed again in the matter, the Deputy Commissioner is requested to enquire and report definitely whether an extent of 11 acres is not available in one compact block in Survey No. 132, the extent of which is 28 acres and 8 guntas, and if not, to furnish particulars such as number of route, name of ground, frontage, depth, &c, regarding the new site now selected.

3. The enclosures are returned for reference and re-submission.

(14) Letter No. 18—S., dated 9th July 1899, from the Deputy Commissioner, Hassan District, to the Secretary to the Government, General and Revenue Departments.

With reference to your docket No 9031—R. F 2-98, dated 8th ultimo, requesting to enquire and report definitely whether an extent of 11 acres is not available in one compact block in Survey No 132 and, if not, to furnish particulars regarding the new site now selected for encamping ground at Saklespur, I have the honor to submit herewith copy of the Saklespur Sub-Division Officer's docket No. 202—Mis, dated 27th—28th June 1899, which furnishes particulars regarding the unsuitableness of Survey No. 132 and of the suitableness of the site that is now selected

2. The sketch of the new site in duplicate and the vernacular records are also herewith submitted for reference

Enclosure.

Docket No. 202—Mis., dated 27th—28th June 1899, from the Sub-Division Officer, Saklespur, to the Deputy Commissioner, Hassan District.

His No 2111—Mis, dated 23rd June 1899, forwarding for report, Revenue and General Secretary's No. 9031—2-98, dated 8th idem, desiring to know if a compact block

of 11 acres for encamping ground is not available in Survey No. 132 and, if not, to furnish particulars such as number of route, name of ground, frontage, depth, &c., regarding the new site.

Has the honor to submit as follows :—

The undersigned has again inspected the site and finds that a compact block measuring 11 acres is not available in Survey No. 132 as it mostly consists of irregular and very uneven grounds.

2. The site consisting of 6 acres and 39 guntas in Survey No. 132 and 4 acres and 1 gunta in Survey No. 145 is situated on an eminence called Niragodu Bore and its frontage measures 429 yards and average depth 134½ yards.

3. The said Bore is within about a furlong of the Bangalore-Mangalore high road running close to the travellers' bungalow, the Sub-Division Officer's quarters and the Planters' Club, and about four furlongs from the centre of Saklespur town.

4. There is a tank between the Bore and the high road close to the site containing a good supply of water lasting throughout the year, in addition to a fresh water well also within easy distance of the site from which the distance to the River Hemavati, where it flows to the west of the site, is within two furlongs.

5. The approaches to the ground are two—one in the north leading from the high road near the travellers' bungalow and the other to its south diverging from the same road near the Sub-Division Officer's quarters and passing over the bund of the aforesaid tank.

6. The undersigned has not been able to find the route number referred to in the Secretary's letter as there is no Route Book available here for reference. Probably, the book is in the district office or in the office of the Executive Engineer, if it has been supplied by Government. It is a Military Route Book and may be found in the Military Secretary's office.

7. In the undersigned's recent inspection, it appeared to him that the site already proposed to be reserved for the encamping ground was still unsuited for it, as Survey No. 132 consists of inconveniently situated low and high lands where even a compact block of 3 or 4 acres of level ground is hardly available. Under the impression that the site for the encamping ground should, as far as possible, consist of unassessed waste, the Amildar added on to the 4 acres and 1 gunta in assessed Survey No. 145 an extent of 6 acres and 39 guntas in Survey No 132 which is an unassessed gomal to make up the required extent of 11 acres.

8. Having regard to the views expressed in para 2 of the Secretary's docket that it would be desirable to reserve a compact block of 11 acres for the encamping ground, the undersigned begs to inform that such a block is available and in the same place "Niragodu Bore" conveniently situated in all respects and comprising the ground where the Resident's tents had been pitched last time. It consists of the whole of Survey Nos. 145 and 144 and a portion (2 acres, 31 guntas and 60 square yards) of 146. Of these, Nos. 145 and 141 are unoccupied, assessed lands and No 146 which is also assessed, is in the holding of a ryat. The particulars furnished for the block already proposed, in paras 2, 3, 4 and 5 *supra*, excluding frontage and depth, stand good for this block also. A sketch in duplicate of this new block is appended for the consideration of Government. The Assistant Engineer Mr. Davy, who inspected both the blocks with the undersigned, quite agreed with him in suggesting to give up the already proposed block in favor of the one now submitted for consideration. The particulars regarding name of ground, frontage, depth, &c, of this new block are shown on the sketches and also in a separate form similar to the one supplied by the Deputy Commissioner for the other block which has also been filled up.

9. With reference to the Deputy Commissioner's remarks in para 2 of his docket, the undersigned begs to point out that the *inspection at the outset* referred to in the Secretary's docket takes us back to the time when Survey No. 132 was selected and reported in Deputy Commissioner's No. 1187, dated 30th May 1898, as being well suited for an encamping ground The undersigned took charge of the Sub-Division on the 22nd October 1898, *i. e.*, nearly five months after the date of the said letter. Within ten days of his assuming the said charge, the Deputy Commissioner himself inspected the site and it is evident that the Deputy Commissioner's letter No. 431, dated 8th December 1898, referred

to in the Secretary's docket was sent up to Government after this inspection. Further, the undersigned did inspect the site as desired in the Deputy Commissioner's vernacular Yadi No. 1379 of 15th March 1899, though he was aware that the site had been already inspected and approved of by the Deputy Commissioner, but any new suggestion made in March 1899 would not have improved matters, as the Government had long before informed the First Assistant to the Resident that Survey No 132 had been selected for the encamping ground, relying on the Deputy Commissioner's letter of May 1898. It may also be pointed out here that vernacular correspondence on such important matters is liable to mislead Officers at times and cause confusion.

10. The enclosures of his docket under reply are herewith returned.

(15) Docket No. 1058, dated 21st July 1899, from the Secretary to Government, General and Revenue Departments, to the Deputy Commissioner, Hassan District

Deputy Commissioner's letter No 18, dated 9th July 1899, *in re* reservation of land for Military encamping ground at Saklespur

Referring to the above, has the honor to observe that from the Sub-Division Officer's letter, it is presumed that in preference to the site originally proposed for encamping ground in lieu of Survey No. 103 otherwise utilized, the whole of Survey Nos. 144 and 145 (Government assessed waste) and part of Survey No 146 (assessed occupied) in the Saklespur village, have now been selected as being the best site suited in every way for an encamping ground. If so, it must be decided once for all whether the holder of Survey No 146 is willing to part with the required portion (2 acres, and 31 guntas—69 square yards) of his land, and what compensation should be paid therefor, or whether the land should be acquired under the Land Acquisition Regulation

2. The Deputy Commissioner is therefore requested to make the necessary enquiry into the matter and submit a complete report once for all for the final orders of Government The extent of Survey No 144 should also be stated.

3 The enclosures are returned herewith for reference and re-submission.

(16) Docket No 309, dated 20th November 1899, from the Deputy Commissioner, Hassan District, to the Secretary to the Government of Mysore, General and Revenue Departments.

His No 1058—R F 2-98, dated 31st July 1899, calling for further information regarding certain lands proposed to be reserved as a Military encamping ground in Saklespur village, Manjarabad taluk.

With reference to the above, has the honor to submit herewith, in original, for perusal and obliging return, docket No 36, dated 31st August 1899, from the Sub-Division Officer, Saklespur, which contains the required information.

2. The Sub-Division Officer states that 2 acres and 31 guntas was wrongly proposed to be taken up out of Survey No 146, which measures only 2 acres and 9 guntas instead of from Survey No 144 and that the mistake is due to inadvertence on the part of the Tank Inspector

3 But the proper officials from whom the information ought to have been obtained were the shanbhog, the shekdar and the taluk gumasta The Sub-Division Officer ought to have examined the sketch previous to its submission, more especially as it had to be forwarded to the Resident Had he done so, the mistake could have been avoided.

4. The compensation fixed for Survey No 146, namely, Rs. 22-4-0 is reasonable and may be paid to the holder thereof who has agreed to receive the same.

5 The marginally described survey numbers are those proposed to be set apart for the encamping ground and can be accepted as the best available site for the purpose

6 The sketch, in duplicate, together with two statements containing particulars of the land in question is submitted.

7. The vernacular papers are also submitted for reference and kind return.

ENCLOSURE.

Docket No. 36, dated 31st August 1899, from the Sub-Division Officer, Saklespur, to the Deputy Commissioner, Hassan District.

His Memo No. 397—Mis., dated 17th—23rd August 1899, forwarding General and Revenue Secretary's No. 1058—R. F. 3-98, dated 31st July 1899, calling for further information regarding the site selected for Military camping ground at Saklespur.

Has the honor to inform that the owner of Survey No. 146 is willing to give it up to Government, provided he is paid compensation for it at Rs. 10 an acre. This rate is not high considering that the land is situated close to the town and is an old holding.

The man's statement agreeing to receive compensation at the said rate and the Amildar's report forwarding it, is hereto appended.

The extent of Survey No. 146, is only 2 acres and 9 guntas and the whole of it has been included in the 11 acres selected for the camping ground as already shown in the sketch. The 2 acres and 31 guntas reported as being a portion of this number is part of Survey No. 144, which is Government assessed waste for which no compensation need be paid.

In giving the information to the undersigned, the Tank Inspector, who prepared the sketch, inadvertently mentioned the 2 acres and 31 guntas as belonging to Survey No. 146 though his correct sketch shows it in Survey No. 144. Thus, compensation has to be paid for only 2 acres and 9 guntas which is the whole extent of Survey No. 146, and at the rate agreed to by its owner, the amount comes to Rs. 22-4-0.

The entire record is herewith returned.

(17) Docket No. 605, dated 8th March 1900, from the Deputy Commissioner, Hassan District, to the Secretary to the Government of Mysore, General and Revenue Departments.

Secretary's docket No. 5841—R. 1753, dated 5th February 1900, asking Deputy Commissioner to inspect the sites recommended for the encamping ground in Saklespur and to furnish Government with his opinion on the subject.

Has the honor to state that the undersigned personally inspected the sites recommended for the encamping ground in this office docket No. 309, dated 21st November 1899, and is of opinion that the sites proposed therein are well suited for the purpose for which they are intended. The spot selected commands a good view of the town, race course and the river and is close to the European planters' club. It is situated on a high ground and there is also a katte at its foot.

Under these circumstances, the Government may be pleased to accept the spot recommended.

(18) Letter No. 7074—R. F. 2-98, from the Secretary to the Government of Mysore General and Revenue Departments, to the First Assistant to the Resident in Mysore.

Adverting to correspondence ending with your letter No. 3513, dated 18th July 1898, regarding the reservation of certain land as Military encamping ground at Saklespur in Manjarabad taluk, I am directed to state that Survey No. 103 (extent 10 acres and 39 guntas) hitherto reserved as an encamping ground, but since otherwise utilized, is named "Dydun Bore" and was included in the list of encamping grounds furnished to you in 1887.

2. I am further to state that in preference to the 11 acres of land out of Survey No. 132, proposed in this office No. 138—R. 59, dated 7th July 1898, to be regarded as an encamping ground in lieu of Survey No. 103, the Deputy Commissioner after personal inspection recommends that an equal extent of land as particularized in the margin, which forms a compact block and is in every way convenient for encamping purposes, may be reserved as an encamping

ground. He reports that the land thus selected commands a good view of the town, the race course and the river, and is close to the European Planters' Club. It is situated on a high ground and there is also a katte at its foot.

The Durbar consider the selection suitable in every way. I am therefore to request that the particulars given in the accompanying statement and sketch regarding the name of the ground, frontage, depth, &c., may be substituted for those entered in the list of 1887, against "Doddakere Adi Hola and Dydun Bore in the Saklespur village," under Manjarabad taluk, Hassan district.

3. With reference to the observation made in para 1 of your letter under reply, I am to add that instructions have been issued to the effect that no land reserved as an encamping ground should be appropriated for other purposes without the express sanction of the Durbar. The impropriety of the Deputy Commissioner's action in the present case has also been pointed out to him.

ENCLOSURE.

Particulars relating to lands selected for camping ground in the town of Saklespur.

No. of route.	Name of ground.	Frontage.	Depth.	Property of Military Department.	District camping grounds.	Water-supply at driest season between October and April.
Route number is to be ascertained by a reference to Military Route Book which is not available here for reference.	Nirugolu Bore.	273½ yards.	195 yards.	None.	Not here.	There is a tank close to the ground selected, which contains sufficient water-supply throughout the year. 2. The alteration suggested in paragraph 2 of your letter cited above has been made in the list of encamping grounds in Mysore.

No. 8427-9—R. F. 2-98, DATED BANGALORE, 28TH MAY 1900.

ORDER THEREON—The Deputy Commissioner's recommendation is approved and the payment of a compensation of Rs. 22-4-0 to the holder of Survey No. 146, sanctioned.

2. The assessment of Rs. 2-4-0 on Survey No. 145 and of annas 12 on Survey No. 146 and the proportionate assessment on 2 acres and 31 guntas of Survey No. 144 to be fixed by the Superintendent of Revenue Survey will be written off the accounts.

3. A note should be made in the Village Khetwar that these lands have been set apart as "Encamping ground" and no portion of it should be otherwise utilized without the express order of Government. The Deputy Commissioner ought not to have appropriated any portion of the land already set apart for the special purpose without such express sanction.

2. *Land Revenue.*—There is a net decrease of Rs. 66,364 under this head. In the Mysore district there is a net increase of Rs. 7,372 chiefly due to the introduction of the survey settlement into the Nanjangud taluk. The decrease in the other districts is attributed chiefly to relinquishments of land and to smaller sums realized from Hulbanni.

3. *Forest.*—The increase of Rs. 1,25,281 under this head is reported to be due to better rates obtained for sandalwood and timber and to increased revenue under Minor Forest produce.

4. *Abkari.*—The sale of Arrack Vend Farms and Separate Shops and the working of the Tree-tax System are expected to yield an increase of Rs. 1,08,041

5. *Mohatarfa.*—All the districts except Tumkur and Shimoga show a decrease, the net decrease amounting to Rs. 4,399.

6. *Sayer.*—The increase of Rs. 13,294 is expected chiefly from the Shimoga district, where the Areca crop is reported to be in good condition.

7. *Miscellaneous.*—Under this head are included revenue from stamps, registration and other minor items such as toll contract. sale of building sites, travellers' bungalow fees, &c. The increase of Rs. 44,512 in the Bangalore district alone is reported to be due to greater sales of stamps and increased realizations in registration fees.

8. Talukwar details, with reasons for important fluctuations, are given in the statement annexed.

2. The number of applications pending further disposal in the Mysore, Hassan and Shimoga districts requires early attention. It is noted that in Shimoga a large addition of seven darkhasts has been allowed to be added to the existing twenty-nine, thus raising the number to thirty-six, the largest in the Province. Hassan has the oldest darkhasts pending from 1892-93. In both these districts, Deputy Commissioners are requested to attend promptly and personally to the disposal of the large number of darkhasts yet pending.

Letter No. 1627, dated the 10th May 1899, from the Secretary to the Mysore State Life Insurance Committee, submitting, for the orders of Government, an extract from the Proceedings of a Meeting of the Insurance Committee held on the 29th April 1899.

ALSO—

correspondence ending with letter No. 199, dated the 22nd April 1900, from the Government Advocate, submitting copy of a decision passed by the Chief Court as regards bonus money due to deceased policy holders being liable to be attached by process of Civil Courts, and forwarding for sanction a bill for Rs. 16, being his fee for having conducted the case.

No. 8052-4—FL. 1075, DATED BANGALORE, 14TH MAY 1900.

ORDER THEREON—The facts are as follows:—

One Shamanna Mahadeva Sastri, a karkoon of the Mysore Revenue Survey Department, and holder of Policies Nos. 2077 and 3113, having died of plague in November 1898, his widow Subba Lakshmamma applied for payment of the bonus due, *viz.*, Rs. 583, and surrendered the two policies. As the deceased did not nominate any body during his life-time by will or other document, as laid down in Rule 23 of the State Insurance Rules, the widow was asked to obtain and produce a certificate of heirship from a competent Court of Law authorising her to receive payment of the bonus.

In the meanwhile, and at the instance of the plaintiff in a civil case before him, the Subordinate Judge of Bangalore forwarded to the Secretary to the Insurance Committee a notice attaching the bonus in question, and requesting that the amount be held in deposit until further orders, and subsequently requested the transmission of the amount to his Court for payment to the decree-holder. The Secretary to the Insurance Committee referred the Sub-Judge to Rule 23 of the Insurance Rules and reported the matter to Government for orders as to whether the bonus due to a deceased policy-holder is subject to attachment by a Civil Court. The question was referred to the Government Advocate for opinion, who stated that under Section 278 or 244 of the Civil Procedure Code, the widow of the deceased might apply to the Sub Court to declare that the amount of the bonus is not liable to attachment. The case having in the meantime come up before the Chief Court on appeal, it has been decided that Rule 23 of the Insurance Rules applies only in the case in which there is no decree but that when there is a decree against the legal representative of the policy-holder, the rule is not applicable.

2. The papers read above will be recorded.

3. Government would be glad to have the opinion of the Insurance Committee as to whether any legislation is desirable in view to the exemption of bonus from attachment.

4. The bill for Rs. 16 submitted by the Government Advocate is passed and forwarded to the Comptroller for audit.

DECISION OF THE CHIEF COURT.

In the Chief Court of Mysore, at Bangalore, Wednesday, the 21st day of March 1900.

PRESENT:
Mr. Justice J. W. Best, Chief Judge,
and
Mr. Justice T. Narahari Rao, Judge.

Miscellaneous Appeal No. 25 of 1899-1900.

Mr. L. Sreenivasiengar, *Appellant.*
(By Mr. K. T. Narasimiengar, *Decree-holder*).

versus.

1. Subba Lakshmamma *alias* Lakshamma, minor, by Narayan Joish.
2. Naranaiya, minor by Vankatasubba Joish.

} Respondents—Judgment Debtors.

Miscellaneous Appeal against the order of the Sub-Judge of Bangalore in Original Suit No. 280 of 1898-99—Ex. C. No. 376 of 1899-1900.

This Miscellaneous Appeal coming on for hearing this day, the Court pronounce the following :—

Order.—It is contended by Mr. Ramaswami Iyer, on behalf of the Insurance Committee that No 23 of the Rules requires the production of a certificate of heirship. That, no doubt, is the case in the absence of a decree. But when there is a decree against the legal representative of the policy-holder, the rule is not applicable; for the money is no longer payable to the heir, but to the decree-holder. The money having been attached in execution of the decree, can be safely paid into Court by the Committee, as Section 268 of the Code of Civil Procedure declares that such payment will be an effectual discharge of all liability for the debt.

The Policies of Insurance are in the Court and can be delivered to the Committee on the money being paid into this Court.

J. W. BEST,
Chief Judge.

T. NARAHARI RAO,
Judge.

READ—

Letter No. 1324, dated the 8th December 1899, from the Secretary to the Mysore State Life Insurance Committee, submitting the report on the working of the Insurance Scheme for the year ending 30th June 1899.

No. 8447—R. F. 101-93, DATED BANGALORE, 30TH MAY 1900.

ORDER THEREON—There were 130 proposals pending at the close of 1897-98. These were supplemented by 374 proposals for first insurance and 295 proposals for further insurance. Thus, there were altogether 799 proposals for disposal during the year. Of these, 663 proposals were accepted and policies issued therefor, the amount assured being Rs. 3,95,651 and the monthly premium Rs. 1,306. This is exclusive of two policies which had to be cancelled subsequently. Proposals in 45 cases were rejected and there remained, at the close of the year, 89 proposals pending disposal. There were at the end of the year under report 3,594 effective policies, realizing a monthly premium of Rs. 9,660-8-0.

2. Twenty-six deaths were reported, of which 13 were attributed to Bubonic Plague, 8 to various kinds of fevers, and 5 to other causes, giving rise to a claim for Rs. 20,978. The total casualties from the commencement, up to the close of the year under report, were 65, and the claim involved amounted to Rs. 73,305-12-0, of which Rs. 50,623-4-0 have already been paid, leaving an undisbursed balance of Rs. 22,682-8-0.

3. The total receipts for the year amounted to Rs. 1,19,050, of which Rs. 11,383 formed the interest at $3\frac{1}{3}$ per cent on the monthly balance of the Fund. The total expenditure amounted to Rs. 12,051 and the balance at the credit of the Fund was Rs. 4,29,543. The percentage of the year's expenditure to the closing balance was 2·8 and the percentage of cost of the establishment was 3·21.

4. There were three meetings of the Committee during the year. The Office establishment was slightly increased. The Auditor's report shows that the accounts and books of the Committee were carefully scrutinized with satisfactory results.

EXCISE

Proceedings of the Government of Mysore.

READ —

Letter No. 5856—289, dated 25th April 1900, from the Excise Commissioner in Mysore, submitting, for approval and publication, a draft Notification embodying the amendments to be made in the Arrack Rules published under Government Notification No. 371—Ex., dated 12th March 1897 :—

Adverting to para 3 of my letter No. 4641—203, dated 12th February 1900, I have the honor to submit herewith, for favor of early approval and publication, a draft Notification embodying the amendments to be made in the Arrack Rules published under Government Notification No. 371—Ex., dated 12th March 1897.

2. The amendments referred to in clauses (1) to (6), and clauses (9), (11), (17), (21) and (24) of the draft Notification are in consequence of the additions and alterations made in Government Notifications Nos. 6246—Ex. 201, and 6247—Ex. 202, dated 1st March 1900.

3. The conditions proposed in clauses (7), (10), (12), (14), (15), (16), (19), (20), (23), (25) and (27) are now in force under departmental orders, and in view to legalize them, they have to be inserted in the prescribed licenses.

4. The condition proposed in clause (8) exists in condition 39 of Toddy License A ; and it is necessary that it should be inserted in the Arrack License also to make the provisions consistent.

5. The licensees are now in the habit of keeping the depots and shops closed without authority. Hence the proposed conditions in clauses (13), (18), (22) and (26).

6. Conditions similar to those referred to in paras 3 and 5 above are in force in the Madras Presidency, *vide* condition 6 on page 3, condition 17 on page 4, condition 35 on page 5, and special condition 3 on page 6 and special conditions applicable to independent arrack shop licenses on page 7, of the Madras Government Notification No. 2, dated 30th January 1900. The necessity of this provision has been recently experienced.

No. 8091-8100—Ex. 276, DATED BANGALORE, 15TH MAY 1900.

ORDER THEREON—The draft Notification submitted with the above is approved and forwarded to the Compiler, *Mysore Gazette*, for publication in three successive issues of the *Gazette*.

NOTIFICATION.

No. 8101—Ex. 277, dated 15th May 1900.

In exercise of the powers conferred by Section 55 of the Excise Act XXII of 1881, as amended by Act VI of 1885, and introduced into Mysore by Regulation III of 1885, the Government of Mysore are pleased to direct that the

following amendments be made in the Arrack Rules published under Government Notification No. 371—Ex., dated 12th March 1897:—

ARRACK RULES.

1. After the word "himself" in line 3 of para 4 of Rule XXI, omit the words "to observe the conditions hereinafter set forth," and insert the words "and so much of his movable and immovable property as may be deemed sufficient by the Deputy Commissioner for the due fulfilment by the purchaser of the terms of his agreement."

2. At the end of clause (7) (*f*) of para 5 of Rule XXI, insert the following:—"Provided, however, that in the event of the licensee prepaying the duty and price of the whole contents of any casks received from the Distillery, he will be at liberty to distribute the whole quantity at once to his shops or to remove it in his own vessels to any depot which he may open within his farm under the Deputy Commissioner's license, and issue therefrom the requisite supply to his shops. He shall be bound to keep in depots such stock of arrack as may be ordered by the Exise Commissioner."

3. For clause (8) of the above para 5, substitute the following:—"With the consignments of arrack from the Distillery or Bonded Depot to Farm Depots, as well as with those from Farm Depots or Bonded Depots to shops, sample bottles shall be issued in such manner as may be ordered by the Excise Commissioner. The arrack kept in Farm Depots or issued therefrom to shops, as well as the arrack kept in shops or sold therefrom to the public, shall be of the same quality and strength as issued from the Distillery or Bonded Depot, and shall not be adulterated or diluted in any manner whatever."

4. In line 3 of clause 12 of the above para 5, for the words "farm to which the license relates," substitute "taluk within which his farm is situated" and for the word "farm" in line 5, substitute "taluk."

License A.

5. At the end of condition 6 of license "A," insert the following:—"Provided, however, that in the event of your prepaying the duty and price of the whole contents of any cask received from the Distillery, you will be at liberty to distribute the whole quantity at once to your shops or to remove it in your own vessels to any depot which you may open within your farm under the Deputy Commissioner's license, and issue therefrom the requisite supplies to your shops. You will be bound to keep in depots such stock of arrack as may be ordered by the Excise Commissioner."

6. At the bottom of condition 9, insert the following as clause (2):—"With the consignments of arrack from the Distillery or Bonded Depot to Farm Depots, as well as with those from Farm Depots or Bonded Depots to shops, sample bottles shall be taken in such manner as may be ordered by the Excise Commissioner. The arrack kept in Farm Depots or issued therefrom to shops, as well as the arrack kept in shops or sold therefrom to the public, shall be of the same quality and strength as issued from the Distillery or Bonded Depot, and shall not be adulterated or diluted in any manner whatever."

7. At the end of condition 21, insert the following:—"You shall have no other pecuniary dealings with any Excise Officer."

8. At the end of condition 30, insert the following:—"The Government reserve the power to terminate the lease on public grounds, awarding a reasonable compensation to the licensee. The licensee will have no claim to compensation or remission on account of any arrangements which may be made by Government in regard to country beer or other description of liquor than arrack."

9. In condition 33 for the words "farm to which the license relates," substitute "taluk within which your farm is situated" and in line 4, for the word "Farm," substitute "taluk."

License B.

10. At the end of condition 1 of Farm Depot license "B," insert the following:—"The employment of persons suffering from leprosy or any contagious disease in the depot is prohibited."

11. At the end of condition 3, insert the following:—"Sample bottles shall be issued with all consignments to shops in such manner as may be ordered by the Excise Commissioner."

12. At the end of condition 4, insert the following:—"You shall not issue consignments of arrack which have to be transported through British territory without duly sealing them with the Government seal supplied for the purpose."

13. At the end of condition 6, insert the following:—"The depot shall be kept open during the authorized hours, unless its temporary or permanent closure is authorized by the Deputy Commissioner."

14. At the end of condition 7, insert the following:—"You shall have no pecuniary dealings with any Excise Officer."

License C.

15. At the end of condition 2 of license "C," insert the following:—"The sale or transport of arrack by persons suffering from leprosy or any contagious disease, and the employment of such persons in the shop are prohibited."

16. At the end of condition 7, insert the following:—"You shall have no pecuniary dealings with any Excise Officer."

17. After the word "supplied" in line 2 of condition 11, insert the words, "from a depot or," and after the word "undiluted" in line 5, insert the words "and it shall be of the same quality and strength, as issued from the depot." At the end of condition 11, insert the following:—"You shall not open consignments of arrack received at your shop and which have been transported through British territory, unless and until they are verified by Government officials nominated for the purpose. With all consignments from the depot to the shops, sample bottles shall be taken in such manner as may be ordered by the Excise Commissioner."

18. At the end of condition 18, insert the following:—"The shop shall be kept open during the authorized hours, unless its temporary or permanent closure is authorized by the Deputy Commissioner."

License D.

19. At the end of condition 4 of separate shop license "D," insert the following:—"The sale or transport of arrack by persons suffering from leprosy or any contagious disease and the employment of such persons in the shop are prohibited."

20. At the end of condition 11, insert the following:—"They shall have no pecuniary dealings with any Excise Officer."

21. At the end of condition 12 (*a*), insert the following:—"and it shall be of the same quality and strength as issued from the Bonded Depot. With all

consignments from the depot to the shops, sample bottles shall be taken in such manner as may be ordered by the Excise Commissioner. No consignments of arrack received at the shop, and which have been transported through British territory, shall be opened before they have been verified by authorized officers."

22. At the end of condition 17, insert the following:– "The shop shall be kept open during the authorized hours, unless its temporary or permanent closure is authorized by the Deputy Commissioner."

License R.

23. At the end of condition 1 of bonded depot license "R," insert the following:—"The employment of persons suffering from leprosy or any contagious disease in the depot is prohibited."

24. At the end of condition 3, insert the following:—"Sample bottles shall be issued with all consignments to shops in such manner as may be ordered by the Excise Commissioner."

25. For condition 4, substitute the following:—"You shall issue permits in the prescribed form for the transit of arrack from your depot to the shops dependent thereon. You shall not issue consignments of arrack which have to be transported through British territory without duly sealing them with the Government seal supplied for the purpose."

26. At the end of condition 6, insert the following:—"The depot shall be kept open during the authorized hours, unless its temporary or permanent closure is authorized by the Deputy Commissioner."

27. At the end of condition 7, insert the following:—"You shall have no pecuniary dealings with any Excise Officer."

Correspondence ending with letter No. 4539—437-97, dated the 9th October 1899, from the First Assistant to the Resident in Mysore, on the subject of the introduction of the revised Opium Rules into Mysore.

2. Also the following letters on the same subject.

Letter No 639, dated 7th February 1900, from the First Assistant to the Resident in Mysore

I am directed to invite a reference to my letter No. 4539, dated the 9th October 1899, with which I enclosed a copy of draft rules under the Opium Act, which had been submitted by Mr Crawford for the sanction of the Government of India, and enquired whether the Durbar would be prepared to introduce the similar revised rules drafted by them with effect from the 1st April next I added that it was understood that no cultivation of opium at all would be allowed in Mysore territory for the future. To these enquiries no reply has yet been received

2. The Government of India have now returned the draft rules above referred to, and, while generally sanctioning them, have suggested certain alterations with a view to controlling the possession and sale of poppy heads I am to enclose for your information a copy of the revised rules as they will now stand, and a copy of my letter No 638 of today's date, to the Collector of the Civil and Military Station of Bangalore, containing instructions as to the action which will be necessary so soon as these revised rules come into effect, that is to say, on the 1st April next I am to ask whether the Mysore Durbar will be prepared to further revise their rules so as to make them identical so far as possible with those for the Civil and Military Station and to introduce them with effect from the 1st April 1900. You will perceive that the matter is urgent.

3 In forwarding the original draft of the revised rules for the Civil and Military Station to the Government of India, Mr Crawford remarked that you were prepared to revise the rules now in force in Mysore and to adopt the Coorg rules instead The Government of India have in their reply remarked that it is understood that this course will involve an absolute prohibition of the cultivation of the poppy in the State, and they state that they approve of the proposed action I am to ask whether this is the definite intention of the Durbar

---

Letter No 638, dated 7th February 1900, from the First Assistant to the Resident in Mysore, to the Collector, Civil and Military Station of Bangalore

I am directed to acknowledge the receipt of your letter No 272, dated the 30th January 1900, concerning the sale of preparations of opium used for smoking and the existence of opium smoking clubs in the Civil and Military Station

2 The orders of the Government of India on the draft Opium Rules, copy of which was forwarded with my letter No 5194, dated the 21st November 1899, have now been received. The draft rules have been generally approved; but certain alterations have been suggested with a view to controlling the possession and sale of poppy heads in the Station as is done in British India The limits of possession for poppy heads will be five seers for private individuals, ten seers for medical practitioners (except when specially licensed), and any quantity for licensed vendors and farmers The sale of poppy heads will be subject to the conditions of a license, which will be granted only in conjunction with a license for the sale of opium generally, or will be specially granted to a medical practitioner A copy of the draft rules, as finally revised, is enclosed for your information It is intended that they shall come into effect on the 1st April next.

3 A new condition to prohibit a retail vendor of opium from selling hemp drugs (condition 7) has, at the request of the Government of India, been inserted in the form of general license for the sale of opium by retail

4. The immediate steps which are rendered necessary by the revised rules are the following —

(a) The wide publication of the fact that the sale by any person and in any quantity of preparations of opium used for smoking will be absolutely prohibited

after the 1st April 1900, and that the possession of such preparations will be allowed to the extent of one tola only, and then only for private consumption and not for sale.

(*b*) The wide publication of the fact that the possession of poppy heads will be limited to the quantities mentioned in paragraph 2 of the letter; and that the sale of poppy heads will only be allowed under a license.

(*c*) The separation of opium shops from hemp drugs shops, and the selection of sites for opium shops before the sale, which, it is understood, will take place on the 1st March next.

5. With regard to the sale and possession of preparations of opium used for smoking, Mr. Hinde's report forwarded with your letter above quoted, shows what is the present practice in the Civil and Military Station. The Resident approves of Mr. Hinde's proposal that the Police shall quietly ascertain for future purposes the names of the persons who prepare the drugs in all the present smoking dens. The District Superintendent of Police should be instructed accordingly. It is not desirable, however, that the proprietors of the smoking dens should be left in ignorance of the impending change in the rules. They should be immediately given fair warning of the change and should be informed that after the 1st April any person found in possession of smoking opium for the purpose of sale, or in excess of one tola, will be prosecuted. Similarly, care should be taken to prominently declare in the notices of sale (the publication of which must no longer be delayed), that in future licensed opium-vendors will not be allowed to prepare for sale, or sell smoking opium. The owner of the shop in which Mr. Hinde reports that smoking opium is sold should also be specially warned of the change.

6. With regard to poppy heads I am to ask that enquiries may be at once made and lists drawn up showing what persons are at present in the habit of selling poppy heads. These persons should be divided into two classes (*a*) Common shop-keepers, (*b*) Medical practitioners. Persons falling under class (*a*) should be at once informed that after the 1st April next they will not be allowed to sell poppy heads. Persons falling under class (*b*) should be informed that after the 1st April next they will be allowed to sell poppy heads only under a special license under Rule V of the revised Rules. The Resident would be glad to receive a copy of the list called for as soon as it is ready. It should also be prominently declared in the notices of sale that in future licenses for the retail vend of opium will confer permission to sell poppy heads retail, the sale by others than licensed vendors being prohibited.

7. With regard to the separation of opium and drugs shops you have already received instructions in my letter No. 280—396-99, dated 19th January 1900, to which your reply is awaited. The fact that opium and drugs shops will henceforth be separated should also be prominently declared in your notice of sale.

8. I am to ask that the matters dealt with above may receive your special personal attention; as it is most important that both the public and the persons who will bid at the auctions may know what changes are to be effected.

9. As the auctions will take place on the 1st March, the notices should be published not later than the 15th instant. The question is therefore very urgent.

Letter No. 62—D. C., dated 19th February 1900, to the address of the First Assistant to the Resident in Mysore.

I am directed to acknowledge the receipt of (1) your letter No. 4539, dated the 9th October 1899, enquiring whether the Durbar will be prepared to introduce the revised Opium Rules, with effect from the 1st of April 1900, and whether the cultivation of poppy will be entirely prohibited in the Mysore territory for the future and (2) your letter No. 639, dated the 7th instant, forwarding with certain observations a copy of a set of rules as further revised with a view to controlling the possession and sale of poppy heads, together with a copy of letter No. 638, to the Collector of the Civil and Military Station of Bangalore containing instructions as to the action to be taken.

2. With reference to the first of the enquiries made in your letter of the 9th October last, I am desired to state that the Durbar are prepared to introduce the revised Opium Rules into Mysore, with effect from the 1st of July 1900 on which date commences the Mysore official year 1900-1901 and which therefore is a more convenient date than the 1st of April 1900.

No. 1.—Extract of para 2 of the Mysore Chief Commissioner's letter to the Government of India, General No. 2492—R. 42, dated 20th June 1879.

2. "The Chief Commissioner finds that the cultivation of poppy is resorted to entirely for the profit to be made from the manufacture of opium. He therefore considers that it will be better to prohibit the cultivation altogether, with only a nominal reservation for granting special licenses in any very exceptional cases, should any such hereafter arise. The prohibition of the cultivation will doubtless be attended with some hardship to the cultivators who have hitherto derived a profit from it; but if the local manufacture of opium is to be prohibited, the cultivation cannot be allowed to be carried on without leading to smuggling. The cultivators can grow other garden produce instead."

No. 2.—Extract of para 3 of letter No. 1975—Fin. & Commerce, dated 29th July 1879.

3. "It will be seen that in deference to your wish a rule has been inserted permitting the cultivation of poppy under special licenses granted by you and that provision is made in Rule XIV for the disposal of licenses to retail opium either by auction or by contract on payment of such fee as you may fix. It is understood that until arrangements are made under the Opium Act for the supply of opium to Madras, the selling price of opium to the vendors in Mysore will not be less than the selling price charged to the vendors in Bombay. Eventually the selling price obtaining in Madras will determine the price in Mysore."

3. Adverting to the second of the enquiries made in the letter of the 9th October 1899, I am to invite a reference to para 2 of the Mysore Chief Commissioner's letter to the Government of India, General No. 2492—R. 42, dated the 20th June 1879, and to the orders of the Government of India thereon contained in para 3 of letter No. 1975—Finance and Commerce, dated the 29th July 1879; and to observe that the omission in the revised draft rules submitted with my letter No. 9150—367, dated the 26th March 1898, of a para corresponding to Rule 2 of the Mysore Opium Rules issued with the sanction of the Government of India under the Chief Commissioner's Notification No. 64, dated the 4th February 1880, was not intended to take away from the Durbar the power of permitting the cultivation of poppy under a special license in exceptional cases and under such conditions and restrictions as might be considered necessary. The Rules derive their authority from the Durbar and are intended only for the guidance of their subordinate officers and of the general public and do not affect the Durbar's own powers and discretion in any way. I beg accordingly to state that it is the wish of the Durbar that the arrangement sanctioned by the Government of India in 1879 should continue to be in force; at the same time I am to assure you that the Durbar's policy as regards the exercise of the power in question will not in future as it never has in the past, cause any inconvenience or injury to the British opium administration.

4. Your second letter under acknowledgment deals chiefly with certain alterations having for their object the controlling of the possession and sale of poppy heads. The Durbar regret their inability to adopt the alterations proposed and they beg that the matter will kindly receive re-consideration. In para 3 of his letter to the Government of India, dated the 28th October 1879, the late Chief Commissioner stated as follows:—"The exception referred to in para 1 relates to poppy heads, the sale of which, used as the article generally is in this Province for medicinal purposes, has hitherto been unrestricted and as the inclusion of the article under the prohibitory regulations is apt to occasion needless inconvenience, the Chief Commissioner would suggest that the provisions relating to poppy heads may be left out in the rule and a new rule added that the import, transport, sale and possession of poppy heads is permitted." In reply the Government of India in letter No. 95 I. R., dated the 21st November 1879, observed thus—"In deference to your wishes, the possession, import, transport and sale of poppy heads have been exempted from all restrictions." The Durbar understand that poppy heads are very commonly used as a medicinal ingredient throughout Mysore and they apprehend that the proposed licensing system would lead to serious inconvenience unaccompanied by any corresponding advantage. No intoxicating infusion or drink is prepared from poppy heads in Mysore and the Durbar think it would be a hardship to persons wishing to use this article for medicinal purposes to have to go to medical practitioners and licensed opium sellers and to pay a great deal more for the article than they have hitherto been accustomed to pay. While deeming it undesirable to interfere with the practice which has so long prevailed and which has not led to any abuse or loss of revenue, the Durbar are willing, if so advised by the Resident, to make a rule prohibiting, and making penal, the manufacture of any intoxicating drink or other such preparation from poppy heads.

5. I am to add that the Durbar have made a few slight verbal alterations in the draft rules forwarded to you with my letter No. 9150—367, dated 26th March 1898 (*vide*

italics in the enclosed copy) and that they are prepared to publish the same on receipt of a reply to this communication, in view to effect being given to them from 1st July 1900.

3. Correspondence ending with letter No. 2024—437-97, dated 30th April 1900, from the First Assistant to the Resident in Mysore, stating that the revised Opium Rules which the Durbar proposed to adopt are accepted by the Government of India subject to the modifications contained in this office letter No. 62—D. C. of the 19th February 1900, and asking that steps may be taken to have the revised rules introduced with effect from the 1st July 1900.

No. 8188-97—Ex. F. 21-97, DATED BANGALORE, 19TH MAY 1900.

ORDER THEREON—**The accompanying draft of the revised Opium Rules is approved and forwarded to the Compiler, *Mysore Gazette*, for publication in three successive issues of the *Gazette* both in English and in Kanarese.**

NOTIFICATION.

No. 8198—Ex. F. 21-97, DATED BANGALORE, 19TH MAY 1900.

MYSORE OPIUM RULES.

In exercise of the powers conferred by Sections 5 and 13 of the Opium Act, 1878 (I of 1878), the Government of Mysore are pleased to make the following Rules, in supersession of all previous Rules on the subject. These Rules shall apply to the whole of the Territories of Mysore, and shall come into force on and with effect from the 1st July 1900.

Preliminary.

I.—In these Rules, unless there is anything repugnant in the subject or context—

(1) "Government" means the Government of Mysore.

(2) "Excise Commissioner" means the Excise Commissioner in Mysore.

(3) "Deputy Commissioner" means the Deputy Commissioner of a District, including any Assistant Commissioner duly authorized by a Deputy Commissioner to exercise all or any of the powers or duties conferred or imposed on a Deputy Commissioner by these Rules.

(4) "Farmer" means a person who has obtained a farm from the Deputy Commissioner under Rule XV.

(5) "Licensed vendor" means a person who has obtained a license for sale by retail under Rule XII or XVI.

(6) Sale "by retail" means the sale in a single transaction of opium and intoxicating drugs prepared from the poppy in any quantity not exceeding three tolas in weight, and of preparations and admixtures of opium other than those used for smoking, in any quantity not containing more than three tolas of crude opium. Any other sale is a wholesale sale.

(7) " Medical practitioner " means a person to whom a special license has been granted under Rule IV.

(8) " Opium " means the inspissated juice of the poppy.

(9) " Poppy-heads " means the dry capsules of the poppy plant.

(10) The words " Import " and " Transport " have the respective meanings assigned to them in the Opium Act, 1878.

(1) The word " Seer " means a weight of eighty tolas.

(2) " Tola " means a weight of one hundred and eighty grains, Troy.

Manufacture.

II.—(i) Preparations or admixtures of opium or intoxicating drugs prepared from the poppy, other than preparations or admixtures of opium used for smoking, may be manufactured :—

(*a*) on account of the Government;

(*b*) by a farmer or licensed vendor for wholesale or retail sale in accordance with these Rules and with the conditions of his farm or license;

(*c*) by a medical practitioner for medical purposes, or by any person for his own domestic use, provided that such manufacture is in quantities not exceeding those in which the possession of the said articles is permitted by these Rules, and is from opium of which the possession is similarly permitted.

(ii) Preparations or admixtures of opium used for smoking may be manufactured by any person for his domestic use, but not for sale, in any quantity not exceeding one tola in weight, from opium of which he is permitted by these Rules to be in possession.

Possession.

III.—(i) Any person may possess—

(*a*) opium and intoxicating drugs prepared from the poppy in any quantity not exceeding three tolas in weight, and preparations or admixtures of opium other than those used for smoking, in any quantity not containing more than three tolas of crude opium: provided that the said articles have been purchased from a farmer, licensed vendor, or licensed medical practitioner, or have been manufactured from opium so purchased: provided also that the Deputy Commissioner may specially authorize the possession by any person of any or all of the said articles in any quantity not exceeding one seer in weight;

(*b*) preparations or admixtures of opium used for smoking to the extent of one tola, provided that such preparations have been manufactured by the possessor for private consumption and not for sale under the conditions of Rule II (ii) above.

(ii) Subject to the conditions of his farm or license, a farmer or licensed vendor may possess opium, preparations or admixtures of opium, or intoxicating drugs prepared from the poppy, other than preparations or admixtures of opium used for smoking, in any quantity; and a medical practitioner may possess them in any quantity not exceeding one seer of opium and one seer of preparations or admixtures of opium or intoxicating drugs prepared from the poppy at one time: provided that the said articles have been purchased from the Government or from a farmer, licensed vendor, or medical practitioner, as prescribed in the possessor's farm or license, or otherwise in these Rules, or have been manufactured from opium so purchased: provided also that the Deputy Commissioner may, in any special case, authorize the possession by a medical practitioner of any or all of the said articles in any quantity.

IV.—The Deputy Commissioner may grant to any medical practitioner a special license in such form as may be prescribed by Government, for the possession, in accordance with the provisions of the last preceding Rule, and sale by retail, for medical purposes only, of opium and preparations or admixtures of opium, or intoxicating drugs prepared from the poppy, other than preparations or admixtures of opium used for smoking.

Transport.

V.—(i) When a farmer, licensed vendor or medical practitioner desires to transport opium or preparations or admixtures of opium or intoxicating drugs prepared from the poppy, other than preparations or admixtures of opium used for smoking, he shall obtain for each consignment a pass from the Deputy Commissioner in such form as the Excise Commissioner may from time to time prescribe.

(ii) The pass shall specify—

(*a*) the time within which the transport must be effected;
(*b*) the place from which the consignment is to be transported;
(*c*) the name of the person in charge of the consignment;
(*d*) the name of the consignee;
(*e*) the number of packages, and the weight and contents of each; and
(*f*) the place to which the consignment is to be transported.

(iii) Each package in every such consignment shall be stamped by, or in the presence of, the officer granting the pass, with his official seal.

VI.—The bulk of a consignment shall not be broken during transport.

VII.—The Deputy Commissioner may, at his discretion, make it a condition of the pass that the bulk of the consignment for which it is granted shall not be broken after arrival at its destination as specified in the pass, until after the consignment has been examined by an officer deputed or authorized by the Deputy Commissioner for that purpose: provided that such examination shall be made within seven days from the date on which the Deputy Commissioner is informed of the arrival of the consignment.

VIII.—If any officer competent to exercise the powers of seizure, detention and search, under Sections 14 and 15 of the Opium Act, 1878, finds that the packages are fewer, or their contents less (by more than the dryage allowance of one-quarter per cent) than the number or amount specified in the pass, he shall immediately report the circumstances to the Deputy Commissioner, who will decide whether a prosecution shall or shall not be instituted.

Import.

IX.—(i) The import of opium on account of the Government shall be permitted on the condition that the opium is covered by a pass granted by the Opium Agent at Indore.

(ii) A medical practitioner may, with the special permission of the Deputy Commissioner, and subject to such conditions as the Deputy Commissioner may prescribe, import such preparations or admixtures of opium or intoxicating drugs prepared from the poppy (other than preparations or admixtures of opium used for smoking) as are not locally procurable, to the extent of the quantities of the said articles of which he is permitted by these Rules to be in possession.

Sale.

X.—Opium and preparations or admixtures of opium and intoxicating drugs prepared from the poppy, other than preparations or admixtures of opium used for smoking, may be sold by retail to any person legally authorized to possess the same, by a person holding a license in that behalf; and may also be sold, for medical purposes only, by a medical practitioner holding a license granted to him under Rule IV, to the extent and subject to the conditions specified in such license.

XI.—(i) Opium in quantities of not less than one seer shall, on pre-payment at such rates as the Government may from time to time prescribe by Notification in the *Mysore Gazette*, be supplied by the Deputy Commissioner to any farmer, licensed vendor or medical practitioner.

(ii) No opium shall be sold by wholesale or retail which has not been bought from the Deputy Commissioner or from a licensed vendor.

(iii) No opium or preparation or admixture of opium or intoxicating drug prepared from the poppy shall be sold wholesale, except under special order from the Deputy Commissioner or as next hereinafter provided.

(iv) A licensed vendor or farmer may sell any quantity of opium or preparations or admixtures of opium or intoxicating drugs prepared from the poppy, other than preparations or admixtures of opium used for smoking, to another licensed vendor or farmer, and a quantity not exceeding one seer of each of the said articles or two seers of them in the aggregate to a medical practitioner.

(v) A medical practitioner may sell to another medical practitioner a quantity not exceeding one seer of preparations or admixtures of opium or intoxicating drugs prepared from the poppy, other than preparations or admixtures of opium used for smoking.

XII.—(i) Licenses for the sale by retail of opium or preparations or admixtures of opium or intoxicating drugs prepared from the poppy, other than preparations or admixtures of opium used for smoking, may be granted by the Deputy Commissioner.

(ii) Such limited number of shops for the retail vend of opium or preparations or admixtures of opium or intoxicating drugs prepared from the poppy as aforesaid as the Deputy Commissioner may from time to time decide shall be allowed in his District, and the monopoly of retail vend at such shops shall be sold for such fee as the Government may fix, or it may be put up to auction at the commencement of each official year. The shops shall be disposed of singly or in groups as the Deputy Commissioner may direct.

XIII.—Licenses for the sale by retail of opium or preparations or admixtures of opium or intoxicating drugs prepared from the poppy, other than preparations or admixtures of opium used for smoking, shall be in such form as may from time to time be prescribed by the Government.

XIV.—Licenses for the sale by retail of opium or preparations or admixtures of opium or intoxicating drugs prepared from the poppy, other than preparations or admixtures of opium used for smoking, shall be granted for one year only, unless the Government otherwise specifically direct.

XV.—(i) With the sanction of the Government, and subject to such conditions (if any) as may be imposed as hereinafter provided, the Deputy Commissioner may farm the duties leviable on the sale by retail of opium or preparations or admixtures of opium or intoxicating drugs prepared from the poppy, other than preparations or admixtures of opium used for smoking, for a term not exceeding five years.

(ii) The Government may prescribe conditions—

(*a*) for the invitation and acceptance of tenders for the farm of such duties;

(*b*) as to the forms and conditions of the farms; and

(*c*) for the requisition of security for the due fulfilment of the engagements entered into by the farmers.

(iii) Any breach of the conditions of a farm granted under this Rule shall, over and above any other penalty, subject the farm to annulment by the authority by whom it was granted.

XVI.—When duties are farmed under the last foregoing Rule, the farmer may issue within the limits of his farm licenses for the sale by retail of opium, or preparations or admixtures of opium, or intoxicating drugs prepared from the poppy, other than preparations or admixtures of opium used for smoking. Such

licenses shall be countersigned by the Deputy Commissioner, and shall then have the force of licenses issued by the Deputy Commissioner, under Rule XII, and shall contain such of the conditions of the said licenses as the Deputy Commissioner may prescribe, and may be cancelled at the discretion of the Deputy Commissioner for the breach of any of these conditions.

XVII.—Before entering into engagement for the farm of such duties, the Deputy Commissioner may with the sanction of the Excise Commissioner make such reservations or restrictions with respect to the grant of licenses by the farmer as he thinks fit.

XVIII.—Every farmer shall file in the Deputy Commissioner's Office in such form as may from time to time be precribed by the Excise Commissioner a list of all licenses granted by him.

XIX.—With the sanction of the Government the Deputy Commissioner may cancel any farm granted under Rule XV, or may, within the period of such farm, impose any new reservation or restriction on the farmer.

XX.—If a farm is cancelled for any cause other than a breach of the conditions imposed under Rule XV upon the farmer, or if any reservation or restriction with respect of the grant of licenses is imposed under the last foregoing Rule during the term of the farm, the Government may award to the farmer compensation for any loss thereby caused to him.

XXI.—If any licensed vendor or farmer, on the expiry of his license or farm, has in his possession any opium, or preparations or admixtures of opium or intoxicating drugs prepared from the poppy, other than preparations or admixtures of opium used for smoking, which he is unable to dispose of to the satisfaction of the Deputy Commissioner by private sale to other licensed vendors or farmers, he shall surrender the same to the Deputy Commissioner; and the incoming licensed vendor or farmer, or, if the expired license or farm is not renewed, any licensed vendor or farmer within the district, shall, when required by the Deputy Commissioner, be bound to purchase the articles aforesaid to the extent of two months' supply at such price and in such quantities as the Deputy Commissioner shall adjudge: provided that the price thus adjudged shall in no case exceed the rate at which opium can be procured from the Government: provided also that if such articles are declared by the Civil Surgeon to be unfit for use, the Deputy Commissioner shall cause the same to be destroyed.

General.

XXII.—Except where otherwise specially provided in the foregoing Rules, the possession, transport, import, or sale of opium and preparations or admixtures of opium or intoxicating drugs prepared from the poppy, other than preparations or admixtures of opium used for smoking, by or on behalf of the Government, shall be unrestricted.

XXIII.—The possession, transport, import, or sale of poppy heads is permitted.

Disposal of things confiscated.

XXIV.—Opium or any preparation or admixture of opium or intoxicating drugs prepared from the poppy, confiscated under the Opium Act, 1878, shall be examined by the Civil Surgeon, and if declared by him to be fit for use, shall be sent to the nearest Government Treasury, and be disposed of as the Deputy Commissioner may direct. If declared to be unfit for use, it shall be immediately destroyed.

XXV.—All property other than opium or any preparation or admixture of opium or intoxicating drugs prepared from the poppy, which is confiscated under the Opium Act, 1878, shall be sold under the orders of the Magistrate or other officer by whom the confiscation was adjudged.

Rewards.

XXVI.—Any Magistrate convicting an offender under Section 9, or any Magistrate or other authorized officer ordering the confiscation of opium or any preparation or admixture of opium or intoxicating drug prepared from the poppy under Section 12 of the Opium Act, 1878, may grant a reward, not exceeding the value of the article or articles confiscated, plus the amount of any fine realized, in such proportions as he may think fit, to any person or persons who have contributed to the seizure of the article or articles or the conviction of the offender.

XXVII.—If in any case the fine or forfeiture is not realised, the Deputy Commissioner may sanction such reasonable reward not exceeding the amount of the fine and forfeiture, as may seem appropriate. The Government may also by general order declare what classes of Excise Officers shall receive rewards, and what classes shall have no title to share therein.

Powers of the Excise Commissioner.

XXVIII.—The Excise Commissioner may, in any special case, sanction the grant of a departmental reward not exceeding rupees fifty, and recommend to Government the grants of special rewards exceeding rupees fifty.

XXIX.—The executive officers and other members of the department farmers and shop-keepers, shall conform to such rules of practice not inconsistent with the provisions of the Opium Act, 1878, and these Rules, as may, from time to time, be issued by the Excise Commissioner.

XXX.—Farmers and shop-keepers shall keep and render such accounts as may, from time to time, be prescribed by the Excise Commissioner.

READ—

The following letter No. 6098—359, dated 9th May 1900, from the Excise Commissioner in Mysore.

I have the honor to submit herewith, for approval and publication, a draft Notification embodying certain modifications to be made in the Ganja Licenses appended to the Ganja Rules published under Government Notification No. 772—Ex. 43, dated 27th July 1898.

2. The proposed conditions (1), (2), (4) and (5) are now in force under Departmental orders, and in view to legalize them they have to be inserted in the prescribed licenses.

3. The licensees are now in the habit of closing the authorized shops without authority. Hence the proposed conditions (3) and (5).

4. Conditions similar to those referred to above are in force in the Madras Presidency. The necessity of these provisions has been recently experienced.

No. 8288-97—Ex. F. 2-97, DATED BANGALORE, 22ND MAY 1900.

ORDER THEREON—The draft Notification submitted with the above is approved and will be forwarded to the Compiler, *Mysore Gazette*, for publication in three successive issues of the *Gazette*.

Proceedings of the Government of Mysore.

READ THE FOLLOWING PAPERS—

(1). Letter No. 747—623, dated the 26th February 1900, from the Deputy Commissioner, Shimoga district.

I regret to have to report that on the night of the 4th instant there was an accidental fire in the Muddinkoppa village of the Kumsi sub-taluk. All the houses (except one belonging to the talwar of the village), numbering 32 in all, were burnt down, together with 224 heads of cattle including goats and sheep belonging to the raiyats of the village.

2. The Amildar, who immediately after the occurrence proceeded to the scene, reports that he has within the limits of his power granted raiyats free licenses for wood and bamboos for erecting temporary sheds.

3. A detailed list of property destroyed by fire has been called for, and will be submitted on receipt.

(2). Government Proceedings No. 6479—Ft. F. 120-95, dated 13th March 1900, recording the above, with the observation that it is believed there was no loss of human life about which important point the report is silent and that a detailed list of property destroyed is awaited.

(3). Letter No. 922—769, dated the 19th April 1900, from the Deputy Commissioner, Shimoga district.

Adverting to Government Proceedings No. 6479—Ft. F. 120-95, dated the 13th ultimo, requesting to report whether there was any loss of human life in the fire by which 32 houses were destroyed in the village of Muddinkoppa, Kumsi sub-taluk, I have the honor to submit herewith a list of property belonging to the raiyats whose houses were destroyed by fire.

2. No human lives were lost though one or two were slightly burnt, who have recovered from the effects.

READ THE FOLLOWING PAPERS—

(1) Letter No. 4779—479-99, dated 26th October 1899, from the First Assistant to the Resident in Mysore, forwarding copy of a circular letter from the Government of India regarding the construction of reservoirs for the purpose of maintaining a regular supply of water in forests and grazing lands, and requesting that the matter may be carefully considered and a report forwarded on the results arrived at.

(2) Memos Nos. 3741-9—Ft. F. 11-99 and 4306—Ft. F. 11-99, dated 16th November and 13th December 1899, respectively, forwarding copy of the above to the Deputy Commissioners of Districts, Conservator of Forests, and the Officer in charge of the Amrut Mahal Department, for early investigation and report.

(3) Replies received from the following :—

(*a*) Letter No. 358—342, dated 22nd November 1899, from the Deputy Commissioner of Chitaldrug, stating that the reservation of forests in his district was only done lately and that he is giving his attention to the subject.

(*b*) Letter No. 334, dated 26th November 1899, from the Deputy Commissioner of Kadur, stating that there are streams in all the State forests of the district and that regarding grazing lands, each village has its pasturage in the vicinity of which is available a tank, katte or jungle stream where the villagers water their cattle.

(*c*) Letter No. 783—651, dated 8th March 1900, from the Deputy Commissioner of Shimoga, stating that the State forests have some such sources of water supply as either perennial streams or tanks, and that where they run dry in very hot weather, it seems useless to expect any fresh works would be efficacious for the purpose, and also that it would be inexpedient to spend large sums upon such works and that in the case of grazing lands, no special works for this exclusive purpose seem necessary.

(*d*) Letter No. 873, dated 16th March 1900, from the Deputy Commissioner of Mysore, submitting a statement showing the existing water resources of the several State forests and the repairs needed thereto with an estimate of the probable cost thereof.

(*e*) Letter No. 720, dated 17th March 1900, from the Deputy Commissioner of Tumkur, stating that the existing sources of water-supply in State forests of the district are useful and may be supplemented by a few ponds and wells.

(*f*) Letter No. 878, dated 17th March 1900, from the Deputy Commissioner of Bangalore, stating that in some of the State forests there are small tanks and kattes, that these generally run dry in hot weather, that no facilities exist for their improvement or for the construction of new reservoirs, owing to the nature of the forest land, and that in regard to gomal or full pasture lands in the vicinity of villages, cattle are taken to tanks and kattes of the respective villages or of those adjoining thereto, and that large reservoirs of the kind recommended could only be constructed in certain centres of the district where favorable localities are available and not in State forests or grazing lands which are scattered all over the district.

(*g*) Letter No. 106, dated 20th March 1900, from the Deputy Commissioner of Kolar, stating that the area of State forests available as grazing land is not extensive, that there are four principal forests useful for grazing purposes and that good springs and nallás are available in them.

(*h*) Letter No. 1737, dated 23rd March 1900, from the Officer in charge of the Amrut Mahal Department, stating that no big water reservoirs exist inside the kavals or grazing lands of the department, that the existing tanks or ponds therein provide the water-supply required, and that some money might be spent every year in the repair and improvement of such tanks and ponds and in throwing up new bunds.

(*i*) Letter No. 1849—531, dated 25th November 1899, from the Conservator of Forests, stating that measures have been taken for the investigation of the question of water-supply for cattle in State forests.

(*j*) Docket No. 7426—Ft. F. 11-99, dated 17th April 1900, to the Conservator of Forests, requesting that the result of the investigation may be reported early.

No. 8146-55—Ft. F. 11-99, dated Bangalore, 17th May 1900.

Order thereon—In paragraph 581 of the Report of the Indian Famine Commission of 1898, the Famine Commissioners made the suggestion that wherever there are considerable tracts of country in which in seasons of drought the supply of fodder is liable to fail and a great mortality among cattle may be anticipated, and when within a reasonable distance there are Government forests or grazing grounds to which the cattle might be driven for protection, steps should be taken to ascertain whether there is a possibility of supplying those grazing grounds with tanks, reservoirs or wells capable of affording a sufficient and reliable supply of drinking water for man and beast, and that if, after investigation, it could be shown that adequate protection could be afforded at a reasonable cost to a large number of valuable cattle that would otherwise be lost, it might then be worth while to provide that protection. The Government of India having enquired how far such measures were practicable, the First Assistant to the Resident requested the Durbar to have the matter carefully considered and to favor him with a report on the results arrived at.

2. Accordingly, the Deputy Commissioners of Districts, the Officer in charge of the Amrut Mahal Department and the Conservator of Forests, were directed to investigate the subject and furnish Government with their reports. The reports from the Deputy Commissioner of Hassan and the Conservator of Forests have not as yet been received, and those submitted by the other Officers are, in many cases, meagre and the subject does not appear to have received the attention which its importance demanded or to have been considered from the aspect above indicated.

3. Government observe that the small gomal lands of the State are scattered about and that the village cattle are generally provided with the same conveniences for drinking water both during times of famine and in ordinary times as human beings living in those localities. These do not, therefore, require any special treatment.

4. As regards State forests, the Conservator has promised to investigate the subject and his further report will be awaited. He will be requested to expedite its submission.

5. Next, as regards the District forests, Government are of opinion that, though not reserved as State forests, large areas of them may be found together or near to one another admitting of treatment as large preserves and compact blocks to be resorted to on occasions of drought. It is desirable to group and classify them. The Conservator will be requested to investigate, in consultation with District Officers, the existing water resources in such tracts together with what may be wanted and may be made available for special seasons of drought and famine.

6. The other large tracts are Amrut Mahal kavals. Both in the interests of the Government cattle and those of the raiyats, the investigation may be more closely made and a programme of what is practicable submitted in due course. It is of great importance to select if any of these kavals could at any time be thrown open for raiyats' cattle and the investigation above ordered may in such cases be confined to them only.

7. In all descriptions of land regarding which an investigation has now been ordered as also with regard to State forests, Government would like to have detailed information regarding the extent of land available for grazing, the existing water resources and the proposed improvements. The number of cattle to which each of the above may give shelter should also be specified.

Letter No. 881—735, dated 7th April 1900, from the Deputy Commissioner, Shimoga District.

"I have the honor to report that on the 25th February 1900, 13 thatched houses of the raiyats were destroyed by accidental fire in the Balekoppa village of the Kumsi sub-taluk.

2. The Deputy Amildar, who proceeded to the village immediately after the occurrence of the fire, reported that he had arranged for temporary sheds to be put up for the accommodation of the raiyats, who lost their houses by fire. He also reports that a large stock of ragi and paddy straw, which the raiyats had stacked up, was burnt down but no loss of cattle or of human beings was sustained at the time of the fire.

3. On receipt of a further report from the Deputy Amildar, necessary relief to which the raiyats are entitled will be given."

No. 8304-14—Ft. F. 34-98, dated Bangalore, 23rd May 1900.

Order thereon—The papers read above show that the Deputy Commissioners of all the districts, except Kadur, and the Superintendent of Revenue Survey in Mysore, are unanimously of the opinion that the Hulbanni of unassessed waste lands should be credited under "Land Revenue" and not under "Forests" as suggested by the Conservator of Forests in Mysore.

2. All Government unoccupied land not included in State or Village Forest is District Forest. It is not quite clear how, under the present circumstances, unassessed unoccupied land can be dealt with differently from assessed unoccupied land. The Draft Forest Regulations, under which all such matters may fall to a large extent, is not unlikely to be soon passed into law.

Under the Land Revenue Code, specially reserved lands are excluded from the operations of the ordinary darkhast rules. All the produce wherever growing is declared to be the property of Government, but both these provisions are, it is believed, liable to be governed by rules to be framed hereafter under IV, VIII and XI of Section 35 of the Draft Regulations.

3. These matters are, it is further believed, under the consideration of the Conservator, who is requested to at once, in consultation with Deputy Commissioners, frame draft rules and submit them for the consideration and orders of Government. In the meantime, it is unnecessary to interfere with the existing practice, which may therefore continue as heretofore, the only exceptional procedure followed in Kadur being altered into what it is elsewhere in the State, *viz.*, of crediting the Hulbanni realizations in question to Land Revenue.

Letter No. 39, dated 16th April 1900, from the Deputy Commissioner, Kadur district.

Adverting to Government Order No. 6818—Pet. 1355 of the 27th January 1896, sanctioning the grant of a piece of coffee land out of gomal Survey No. 179, in the Uggihalli village of the Mudgere taluk, to the claimant Channappagauda, patel of the said village, on payment of the value at Rs. 20-13-4, per acre, together with the arrears of assessment from 1881-82 after ascertaining the exact area of the piece of the land in question and directing the refund of the deposit paid by Mr. Playfair, I have the honor to state as follows:—

1. On receipt of the Government Order above adverted to, the deposit of Rs. 104-2-0 paid by Mr. Playfair was refunded to him and the exact area of the land ordered to be granted to Channappagauda was ascertained by 'Kacha' measurement to be 18 acres and one gunta in December 1896. A sum of Rs. 681-8-4, as particularised in the margin, became then due from Channappagauda under the terms of the above Government Order and the Amildar was ordered (Order No. 658 of the 7th January 1897) to notify the same to him, and to have the land formed into a separate number, after receiving the amount if Channappagauda chose to pay.

	Rs.	a.	p.
(1) Value at Rs. 20-13-4 per acre on 18 acres and 1 gunta.	375	8	4
(2) Arrears of assessment for 16 years from 1881-82 up to the end of 1896-97 at Re. 1 per acre or Rs. 18 per annum.	288	0	0
(3) Local cess on the above	18	0	0
Total ...	681	8	4

2. Accordingly on 26th January 1897, the Amildar issued a notice to Channappagauda giving him ten days' time from the date of service of the said notice on him, and stating that if he failed to pay the amount within the time allowed, he would not get the land in question. On the 5th February 1897, the notice was served on Channappagauda who endorsed on it that he had read it, and taken a copy thereof, and requested that he might be given six months' time for the payment of the amount as he was unable to pay it together with the assessment for 1896-97 which then fell due from him. The Amildar was thereupon directed (Order No. 859 of the 25th February 1897) to issue another notice giving him time, and stating that if Channappagauda failed to pay the amount, he would lose the land.

3. Accordingly, a second notice was served upon him on 21st March 1897 to which he replied that he was trying to meet the demand and requested further time. Mr. Weir, the then Deputy Commissioner, extended the time of payment till the 1st June 1897 and stated (Order No. 1148 of the 3rd May 1897) that if he did not pay then, the land would be held at the disposal of Government.

4. A 3rd notice was, on these lines, served on Channappagauda on 3rd June 1897 and he recapitulated what he had stated on former notices. Mr. Weir thereupon directed the Amildar (Order No. 8 of 2nd July 1897) on 2nd July 1897 to report if there were any applicants for the land.

5. The purport of the above order was notified to Channappagauda.

6. Again for the 4th time on 28th September 1897, Channappagauda stated in writing that on the 24th July 1897 he had, in part payment of the amount due from him, sent Rs. 100 to the Amildar, who returned it stating that it should be kept by him* (Channappagauda) pending orders. He also added that he had kept the amount with him, and requested permission to pay what he had just then, and the remainder in instalments. The shekdar reported to the Amildar that nobody was willing to apply for the land, and that Mr. Playfair, a former applicant was absent from his estate. This report of the shekdar reached the Amildar on *8th October 1897*, and no further steps appear to have been taken for upwards of 17 months, *viz.*, up to *19th March 1899*, when the Amildar sent an order to the shekdar to report if Mr. Playfair, who, he (Amildar) presumed had returned to India, wished to go in for the land in question.

*There is no evidence beyond Channappagauda's statement of this.

7. In the meanwhile, Dyvappagauda, son of Channappagauda who is not on good terms with the former, presented a petition to the Amildar on 3rd November 1899, stating that on purpose to defraud him, his father failed to pay the amount in question, and that if he was given the option of paying the same, he would pay it in two instalments within a period of six months. The Amildar informed him that if he paid at once Rs. 738-14-4 as specified in the margin the land might be given to him; in default and on others applying for it he could not get it.

		Rs.	a.	p.
1.	Value for 18 acres and 1 gunta ...	375	8	4
2.	Assessment ditto up to the end of 1899-1900.	342	0	0
3.	Local cess	21	6	0
	Total ...	738	14	4

8. On the 4th December 1899, Mr. Playfair renewed his application and remitted Rs. 45 on account of deposit for the land. After going through the records, my predecessor Mr. Venkatavaradaiengar directed the Amildar to issue a notice to Channappagauda giving him 15 days' time to pay the amount due by him, and stating that if he failed to do so, the land would be measured off into a separate number and disposed of according to coffee rules. The Amildar was also ordered that in case Channappagauda failed to pay the amount and take possession of the land, it might be sold by public auction after pakka measurement. (*Vide* Order No. 223 of the 11th December 1899.)

9. A notice was again (5th time) served upon Channappagauda on the 14th December 1899 but he failed to pay any part of the amount due. Consequently a pakka measurement of the land was made and the correct area was found to be 21 acres and 4 guntas.

10. A notice for the sale of 21 acres and 4 guntas by public auction was accordingly published. Channappagauda and his son Dyavappagauda to whom the intended sale was made known, refused to attest their signatures to the notice stating that they had an (4) appeal before Government. The sale, however, took place on the 9th March 1900 and Mr. Playfair being the only bidder, the land was knocked down to him for the upset price, *viz.*, Rs. 211. Having already paid Rs. 45 with his application, Mr. Playfair paid the remainder, *viz.*, Rs. 166 in time, and the Amildar submitted the sale records for confirmation. Mr. Playfair has in his letter of the 13th April 1900 also urged the necessity of the sale being confirmed without further delay.

11. Thus it will be seen that Channappagauda has had five notices served on him at various times during the last four years but has failed to pay up.

12. Channappagauda having failed to pay after repeated concessions of time, I would recommend that (*a*) the grant by Government to him of the land may be cancelled and (*b*) the present sale may be confirmed at once to Mr. Playfair.

13. Mr. Playfair asks that the matter may be settled with as little delay as possible and I therefore venture to mark the case "urgent" and would request Government to kindly pass their decision as early as possible.

14. The vernacular papers ending with the Amildar's No. 439 of the 27th March 1900, are herewith forwarded for reference and obliging return.

No. 7831-8—P. F. 80-99, DATED BANGALORE, 3RD MAY 1900.

ORDER THEREON—The extent of the land in question has been found to be more than what it was when offered to Channappagauda. The rate then offered was Rs. 20-13-4 per acre and the rate now realized is much less. The cause for this variation has not been explained. The result was probably due to an impression that the land is open to dispute by Channappagauda. It is, however, evident that he has failed to avail himself of the offer made in his favor by Government and he has no longer any right for equitable consideration on the part of Government. His claim for the land having been thus set aside, it should now be proclaimed that the land will be sold free from all incumbrances. The sale to Mr. Playfair when the land was involved in doubt and exposed to the risk of litigation by Channappagauda cannot be confirmed.

2. If, however, Mr. Playfair is willing to buy the land at the rate offered to Channappagauda, the detailed procedure of another sale by public auction may be dispensed with and, under the peculiar circumstances of this case, the sale to Mr. Playfair at that rate may be confirmed.

READ—

Petition of Appeal No. 518—A. S. 79 of 97-98, presented by Appajigauda of Doddasadenahalli village, Kankanhalli taluk, against the order of the Deputy Commissioner Bangalore district, rejecting his claim to a part of Survey No. 234, forming the bed of the village tank.

(2) Correspondence ending with letter No. 948, dated 26th March 1899, from the Deputy Commissioner, Bangalore district, reporting on the above and submitting a sketch of the land in dispute.

(3) The records of the case.

The facts of the case are as follows :—

In June 1892 Motaboiegauda and other raiyats of the village complained to the Amildar that the appellant had encroached on a part of the waterspread of their village tank. On a report submitted by the Amildar the Jamabandi Officer, Mr. G. Raghunatha Rao, observed that the land in question was maji No. 225 in the enjoyment of Appajigauda since 1868, that the present complaint appeared to be due to the survey boundaries of maji No. 225 having excluded the portion cultivated by Appajigauda and ordered, on 27th June 1893, that pending the survey settlement Appajigauda's possession should not be disturbed.

2. On a further complaint of the villagers, Assistant Commissioner, Mr. Narasimmaiengar, inspected the spot in person and found that the land encroached upon and fenced by Appajigauda was not maji No. 225 but maji No. 226, that as it was a part of the village tank bed it had been classed as unarable at the survey, that it was evident from the old accounts of 1849, 1850 and 1852 that maji No. 225 was a dry land unfit for wet cultivation and that the existence of reeds and other plants showed that the land in dispute formed a part of the waterspread of the tank. He accordingly ordered, on 25th April 1894, that the appellant had no claim whatever to this land and that, at the survey, it had been rightly included in the tank bed.

3. Appajigauda appealed to the Deputy Commissioner against the above order and urged, *inter alia*, that the land had been in his enjoyment ever since 1868. The Deputy Commissioner, after perusal of the records, held that there were no reasons to disturb the appellant's long enjoyment and upheld Mr. Raghunatha Rao's order in reversal of Mr. Narasimmaiengar's order. On receipt of this order, the Amildar re-submitted the papers to the Deputy Commissioner with a report that the land maji No. 225 referred to in the accounts as in the khate of the appellant was a part of Survey No. 210 whereas the land claimed by him was a part of Survey No. 234 which formed the bed of the tank and as such was one which ought not to be granted to him for cultivation and that his allegations were not credible as they were made with a view to get the land in dispute which adjoins his Survey No. 210 and is fit for punaji cultivation. Thereupon, the Deputy Commissioner modified his former order and directed the reservation of the land. In reporting on the appeal petition, the Deputy Commissioner states that Survey No. 210 comprising maji No. 225 is in the appellant's khate and enjoyment and that there is no proof that the land in dispute was ever maji No. 225.

No. 7887-94—P. F. 35-98, DATED BANGALORE, 5TH MAY 1900.

ORDER THEREON—It is now clear from the Deputy Commissioner's report and sketch that the land in dispute forms a part of the bed of the tank.

2. It is also clear that Maji Nos. 224 and 225 comprise Survey No. 210 in appellant's khate.

3. There is no clear proof that the land in dispute, marked A in the sketch, originally formed part of Maji No. 225.

4. The said land was at the survey settlement included in the waterspread of the tank and it is above the kodi level. This land, as pointed out by the Deputy Commissioner, should continue to be part of the tank bed, and its cultivation ought to be prevented. There is, indeed, no evidence that this land was ever cultivated. So long ago as 1852, the land shown in the sketch as A and which probably bore the original Maji No. 226 was, according to the admission of the petitioner, resigned by him and added on to the tank bed. It has been reported that beyond a hedge there is no other indication of the active exercise of ownership and the land is said to be overgrown with reeds.

5. Under all the circumstances of the case, the finding appealed against seems to be correct and the petitioner must be held not entitled to the legal possession of the land in dispute from which he has been ordered to be evicted. Maji No. 225 is also called valagere land, and, taking advantage of the name, the appellant made an effort to identify it with Maji No. 226 and obtain possession of it. In this, however, he has been found out.

6. The appeal must be dismissed.
